## Cancellation of Mining Leases

### CANCELLATION OF MINING LEASE No. 1607

WHEREAS HER MAJESTY THE QUEEN, in right of Ontario, in pursuance of The Mines Act, 1897, issued a lease dated the 5th of April, 1898, to William Oscar Draper, of the Township of McDougall in the District of Parry Sound, for a period of ten years, covering the mining rights on Lot 8 in Concession 3 of the said Township of McDougall and containing 100 acres more or less;

AND WHEREAS the lease now stands in the name of Frank Kafex the elder as to a one-half interest or share and in the names of John Vallentyne and James B. Mitchell, doing business under the name, style and firm of Vallentyne Mica Company, as to a one-half interest or share;

AND WHEREAS it was provided in the said lease that the same may be renewed for a term of Twenty years, and from time to time at the expiry of twenty years be renewed for further periods of twenty years;

AND WHEREAS it was also provided in the lease that the lessee, his executors, administrators and assigns, might upon fulfilment of the terms and conditions thereof become the purchaser of the land demised in the said lease;

AND WHEREAS no application for renewal of the lease has been received;

AND WHEREAS no application to purchase the lands demised in the said lease has been received;

AND WHEREAS no rental has been paid by the lessee, his executors, administrators or assigns since 1908;

AND WHEREAS the lease also provided upon the publication in THE ONTARIO GAZETTE of a notice declaring that all the right, title and interest of the lessee, his executors, administrators and assigns, under the lease to have ceased, ended and determined and the lease thereafter as respects any claim, right, title or interest of the lessee, his executors, administrators or assigns, be to all intents and purposes void and of no effect;

PUBLIC NOTICE is therefore given and it is declared that all the right, title and interest of the lessee, his executors, administrators and assigns, have ceased, ended and determined, and the lease hereafter as respects any claim, right, title or interest of the lessee, his executors, administrators and assigns, is to all intents and purposes void and of no effect, and the land included in the lease is revested in the Crown, freed and discharged from every claim.

## Application to Parliament

### Private Bills

#### PUBLIC NOTICE

##### LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

##### RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

**SCHEDULE A.**—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

**SCHEDULE B.**—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer, or other person preparing the same.

**SCHEDULE C.**—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

**SCHEDULE D.**—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk

of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

ALEX. C. LEWIS, Q.C.  
Clerk of the Legislative Assembly  
of Ontario.

TREASURER'S SALE OF LANDS FOR TAXES  
CORPORATION OF THE TOWNSHIP OF MANVERS

To Wit:

BY VIRTUE OF A WARRANT issued under the hand of the Reeve and the Seal of the Township of Manvers bearing the date the 5th day of August, 1952, and to me directed, commanding me to levy upon the lands mentioned in the following list for the arrears of taxes due thereon, and the costs as herein set forth. I hereby give notice that unless the said arrears and costs are sooner paid I shall proceed to sell the said lands or so much thereof as may be necessary to settle the aforesaid arrears of taxes and other charges thereon, at my office, in the Township Hall, in the Village of Bethany, by public auction, on 5th day of December, 1952, beginning at Two o'clock in the afternoon and in compliance with the Assessment Act.

AND TAKE FURTHER NOTICE, at the adjourned sale to be held at the same hour, on 19th day of December, 1952, if necessary, the Corporation of the Township of Manvers intends to purchase any of the said lands offered for sale unless the full amount of all arrears and costs be realized from the sale thereof.

J. C. CUMMISKEY,  
Treasurer.

## Application to Parliament

### Private Bills

#### PUBLIC NOTICE

#### LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

#### RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50,

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality

according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer, or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

ALEX. C. LEWIS, Q.C.  
Clerk of the Legislative Assembly  
of Ontario.

## Application to Parliament

### Private Bills

#### PUBLIC NOTICE

#### LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

#### RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of

each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality

according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

**SCHEDULE A.**—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

**SCHEDULE B.**—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer, or other person preparing the same.

**SCHEDULE C.**—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

**SCHEDULE D.**—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

ALEX. C. LEWIS, Q.C.  
Clerk of the Legislative Assembly  
of Ontario.

## Application to Parliament

### RULES RE SUBMISSION OF PRIVATE BILLS

### Private Bills

#### PUBLIC NOTICE

#### LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy

of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges,

the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer, or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board

may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

ALEX. C. LEWIS, Q.C.  
Clerk of the Legislative Assembly  
of Ontario.

## Application to Parliament

### Private Bills

#### PUBLIC NOTICE

#### LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

#### RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of

Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer, or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

ALEX. C. LEWIS, Q.C.  
Clerk of the Legislative Assembly  
of Ontario.

Made—16th October, 1952.  
Filed—20th October, 1952, 9.00 a.m.

### REGULATIONS MADE UPON THE RECOMMENDATION OF THE MINISTER UNDER THE INDUSTRIAL STANDARDS ACT

1. The schedule appended hereto shall be in force during pleasure within the zone and be binding upon the employers and employees in the industry referred to in the schedule.

2. Regulations 223 of Consolidated Regulations of Ontario 1950 are revoked.

3. These regulations shall come into force on the tenth day after the publication thereof in THE ONTARIO GAZETTE under *The Regulations Act*.

### SCHEDULE FOR THE SHEET-METAL-WORK CONSTRUCTION INDUSTRY IN THE OTTAWA ZONE

#### INTERPRETATION

1. In this schedule "holiday" means

- (a) Sunday,
- (b) New Year's Day,
- (c) Good Friday,
- (d) Victoria Day,
- (e) Dominion Day,
- (f) Ottawa Civic Holiday,
- (g) Labour Day,
- (h) Thanksgiving Day, and
- (i) Christmas Day.

#### HOURS OF WORK

2. The regular working periods for the industry shall be

- (a) a regular working-week consisting of not more than 40 hours of work to be performed during the regular working-days, and
- (b) a regular working-day consisting of not more than 8 hours of work to be performed on Monday, Tuesday, Wednesday, Thursday, and Friday, between
  - (i) 8 a.m. and 5 p.m. where one hour is given for noon recess, or
  - (ii) 8 a.m. and 4.30 p.m. where one-half hour is given for noon recess.

#### MINIMUM RATE OF WAGES

3. The minimum rate of wages for work performed during the regular working periods shall be \$1.82 an hour.

#### SHIFT WORK

4.(1) Where the work is performed in two or more shifts, and if an employee works not more than 8 hours in any 24-hour period, the employee shall be deemed to be employed during a regular working-day.

(2) An employee who works on a night-shift shall be entitled, as a minimum, to wages for 8 hours for work of 7 hours.

(3) In all cases governed by subsection 1 no overtime work shall be performed.

(4) Where two or more shifts are worked on the same job, only one shift shall be a day-shift.

#### OVERTIME WORK

5. Work performed in the industry

- (a) at any time other than during the working periods prescribed in sections 2 and 4, and
- (b) on a holiday

shall be overtime work.

6.(1) No work shall be performed in the industry on a holiday except

- (a) in cases of extreme necessity where life or property is jeopardized, or
- (b) on repairs to buildings where the repair work is necessary to prevent the loss of employment to persons who are regularly employed in the buildings.

(2) No work shall be performed under subsection 1 without a permit from the advisory committee.

(3) The advisory committee is authorized to issue the permits subject to the terms and conditions of this schedule.

#### RATES OF WAGES FOR OVERTIME WORK

7. The rate of wages for overtime work shall be

- (a) \$2.73 an hour for
  - (i) overtime work performed during the 4-hour period immediately following the regular working-day on Monday, Tuesday, Wednesday, Thursday, and Friday, and
  - (ii) emergency work performed on Saturday between 8 a.m. and midday, and
- (b) \$3.64 an hour for all other overtime work.

#### ADVISORY COMMITTEE

8. The advisory committee is authorized to fix a minimum rate of wages lower than the rate fixed by this schedule for an individual who is handicapped and the rate may be fixed at the request of employee or employer.

 Approved—16th October, 1952.  
 Filed—20th October, 1952, 10.15  
 a.m.

REGULATIONS MADE BY THE BOARD UNDER  
THE FARM PRODUCTS MARKETING ACT

1. Regulation 1 of Ontario Regulations 101/51 is  
 amended by relettering clause *a* as clause *aa* and by  
 adding thereto the following clauses:

- (a) "Association" means The Ontario Cheese  
 Producers' Association Limited;
- (dd) "operator" means operator of a cheese-factory,  
 engaged in the manufacturing of cheese from  
 milk bought outright by him from producers;
- (ee) "salesman" means person other than an  
 operator, appointed by the producers to sell  
 the cheese manufactured in a cheese-factory  
 from milk which they regularly supply  
 co-operatively to that cheese-factory;

2. Regulation 5, except Schedule A, of Ontario  
 Regulations 101/51 is revoked and the following  
 substituted therefor:

## MARKETING

- 5. (1) All cheese produced in the districts named  
 in section 6 of the scheme shall be offered for  
 sale through cheese exchanges.
- (2) The cheese boards named in Schedule A shall  
 be the cheese exchanges.
- (3) No person shall sell, or deliver, cheese from a  
 cheese-factory, except through a cheese ex-  
 change.
- (4) The salesman or the operator, as the case may  
 be, offering cheese for sale on a cheese exchange  
 shall, on the day of the cheese-exchange  
 meeting
  - (a) attend in person, or by his representative,  
 at the cheese exchange, and
  - (b) list with the secretary of the cheese ex-  
 change the quantity, grade, size and colour  
 of the cheese offered for sale from the  
 cheese-factory.
- (5) Where a salesman or an operator, as the case  
 may be, offers cheese for sale on a cheese  
 exchange on any day and no buyer offers to  
 buy it on that day, the salesman or the operator,  
 as the case may be, shall deliver the cheese to  
 the Association.

3. Regulation 6 of Ontario Regulations 101/51 as  
 amended by Ontario Regulations 137/51 is revoked  
 and the following substituted therefor:

- 6. Subject to regulation 5, the Association shall  
 be the agency through which cheese may be  
 marketed.

4. Ontario Regulations 101/51 are amended by  
 adding thereto the following regulation:

- 6a. (1) Every buyer upon receipt of cheese through  
 a cheese exchange shall forward payment in

full to the Association for all cheese bought within 5 days of receipt of the cheese.

- (2) The Association shall pay to the local board the licence fees under regulation 7

(a) for all cheese for which payment has been received from buyers, and

(b) for all cheese received by it

in any month not later than the 15th of the following month.

- (3) The Association shall, within 3 days of receipt of

(a) any payment for cheese from a buyer, and

(b) any cheese by it,

forward payment, less licence fees paid under subregulation 2, for the cheese to the salesman or the operator, as the case may be, delivering cheese to the buyer or to the Association, as the case may be.

5. Regulation 7 of Ontario Regulations 101/51 as made by regulation 1 of Ontario Regulations 198/52 is revoked and the following substituted therefor:

#### LICENCE FEES

7. Every producer shall pay licence fees, at the rate of 5 cents for each 100 pounds or fraction thereof of cheese sold through a cheese exchange, or delivered to the Association, to the local board to be used by it for the purpose of carrying out and enforcing the provisions of the Act, the regulations and the scheme.

6. Ontario Regulations 137/51 and 198/52 are revoked.

## Cancellation of Mining Leases

### CANCELLATION OF MINING LEASE No. 2336

WHEREAS HER MAJESTY THE QUEEN, in right of Ontario, in pursuance of The Mines Act, 1897, issued a lease dated the 20th day of September, 1899, to Gilmore Johansen of the Township of Carling in the District of Parry Sound for a period of ten years, covering the mining rights on Lots 62 and 63 in Concession 12 of the Township of Carling in the District of Parry Sound, containing together 163 acres more or less;

AND WHEREAS it was provided in the said lease that the same may be renewed for a term of twenty years, and so from time to time at the expiry of twenty years be renewed for further periods of twenty years;

AND WHEREAS it was also provided in the lease that the lessee, his executors, administrators and assigns, might upon fulfilment of the terms and conditions thereof become the purchaser of the land demised in the said lease;

AND WHEREAS no application for renewal of the lease has been received;

AND WHEREAS no acceptable application to purchase the lands demised in the said lease has been received;

AND WHEREAS no rental has been paid by the lessee, his executors, administrators or assigns, since 1909;

AND WHEREAS the lease also provided upon the publication in THE ONTARIO GAZETTE of a notice declaring that all the right, title and interest of the lessee, his executors, administrators and assigns, under the lease to have ceased, ended and determined and the lease thereafter as respects any claim, right, title or interest of the lessee, his executors, administrators or assigns, be to all intents and purposes void and of no effect;

PUBLIC NOTICE is therefore given and it is declared that all the right, title and interest of the lessee, his executors, administrators and assigns, have ceased, ended and determined, and the lease hereafter as respects any claim, right, title or interest of the lessee, his executors, administrators and assigns, is to all intents and purposes void and of no effect, and the land included in the lease is vested in the Crown, freed and discharged from every claim.

## Application to Parliament

### Private Bills

#### PUBLIC NOTICE

#### LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

#### RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House

after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer, or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the

Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

ALEX. C. LEWIS, Q.C.  
Clerk of the Legislative Assembly  
of Ontario.

Approved—30th October, 1952.  
Filed—31st October, 1952, 11.40 a.m.  
—By direction.

### REGULATIONS MADE BY THE BOARD UNDER THE MILK CONTROL ACT

1. Regulations 294 of Consolidated Regulations of Ontario 1950 are amended by adding thereto the following regulation:

20a.(1) Notwithstanding subregulation 1 of regulation 20 any number of distributors may as a group deposit security with the Board in the form of a bond of a guarantee company approved under *The Guarantee Companies Securities Act* in form 10.

(2) The amount of the security under subregulation 1 in respect of each distributor shall be in accordance with regulation 21 but in no case shall security be required in excess of \$100,000 in respect of any one distributor.

(3) Notwithstanding that a distributor may have deposited security with the Board in the form prescribed by subregulation 1, the Board may, at any time, require the distributor to deposit security in accordance with clause *a*, *b* or *c* of subregulation 1 of regulation 20 in the amount required by regulation 21.

(4) When an order is made by the Board under subregulation 3, the distributor in respect of whom the order is made shall be deemed not to have complied with the regulations in respect of security to be deposited with the Board until he deposits security in accordance with clause *a*, *b* or *c* of subregulation 1 of regulation 20 in the amount required by regulation 21.

2. Regulation 21 of regulations 294 of Consolidated Regulations of Ontario 1950 is revoked and the following substituted therefor:

21.(1) In subregulation 2 the average value of milk shall be determined on the average daily value of milk delivered to the distributor during the first ten months of the previous year.

(2) Where security is required under regulation 20 it shall be in the following amounts:

(a) where producers are paid on a daily cash basis not less than the average value of milk received from producers during a period of 7 days;

(b) where producers are paid on a weekly credit basis not less than the average value of milk received from producers during a period of 15 days;

(c) where producers are paid on a bi-weekly or twice-a-month basis, not less than the average value of milk received from producers during a period of 30 days;

(d) where producers are paid on a monthly basis, not less than the average value of milk received from producers during a period of 45 days; or

(e) where a distributor is commencing business, an estimated amount based on clause *a* or *b* but not less than \$1,000.

3. Regulation 22 of regulations 294 of Consolidated Regulations of Ontario 1950 is revoked and the following substituted therefor:

22. The security deposited with the Board under regulations 20 and 20a shall be applicable solely to unpaid claims of producers for milk sold to the distributor.

4. Subregulation 2 of regulation 23 of regulations 294 of Consolidated Regulations of Ontario 1950 is amended by striking out the word and figures "regulation 20" in the tenth line and substituting therefor the words and figures "regulations 20 and 20a".

5. Regulations 294 of Consolidated Regulations of Ontario 1950 are amended by adding thereto the following form:

## Application to Parliament

### Private Bills

#### PUBLIC NOTICE

##### LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

##### RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer, or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

ALEX. C. LEWIS, Q.C.  
Clerk of the Legislative Assembly  
of Ontario.

##### RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

**SCHEDULE A.**—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

**SCHEDULE B.**—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer, or other person preparing the same.

**SCHEDULE C.**—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

ALEX. C. LEWIS, Q.C.  
Clerk of the Legislative Assembly  
of Ontario.

SCHEDULE 1

BRICKLAYER AND MASON

PART 1

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	Mortar.	Names and quantities of material used in making mortar. Material used for making coloured mortar.	Preparing and mixing mortar. Adding colouring-matter.
2.	Tools.	Trowel; hammer; bolster; plumb-rule; foot-rule; jointers.	Using tools skilfully.
3.	Gauging.	Various thicknesses of mortar joints.	The lay-out and use of a gauge-rod.
4.	Bonds.	Stretcher; English; Flemish; common.	The lay-out of bonds.
5.	Corners.	Laying a right angle on 4", 9", and 13" walls.	Build corners accurately.

## SCHEDULE 1—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
6.	Walls.	Building walls of different thicknesses, with emphasis on how to face and back them.	Using a line and pins; building a uniform, clean wall.
7.	Joints.	Struck, weathered, raked, ironed, flush, strip.	Finishing joints with trowel or jointer.
8.	Trade terms.	Headers; stretchers; closer-course; rack-range; toothing; sope.	Using terms in correct places.
9.	Materials.	Brick; block; tile. Identification of these materials.	The lay-out and use of brick, block, and tile.
10.	Safety.	Scaffolds; ladders.	Using safe scaffolds and safe planks in building.
11.	Chimneys.	Flue sizes; corbelling; linings; clean-outs; thimbles. Types of topping.	The lay-out and building of flues; setting thimbles, linings, and clean-outs. Topping chimneys.
12.	Rowlock and soldier positions of brick.	Meaning and uses. Method of bedding.	Lay-out; setting.
13.	Openings.	Window- and door-openings.	The lay-out of bonds for openings; how to build jambs to varying gauge.
14.	Drafting.	Geometry; use of symbols and scale.	Reading blue-prints to scale using symbols for the lay-out.
15.	Mathematics.	Square root; cube root; decimals; 3-4-5 rule; fractions.	Applying mathematics to brick-laying and masonry.
16.	Veranda piers.	Depth of footing. Height of piers. Position of beam-holes. Method of capping.	The lay-out of veranda piers; bringing piers level to a finished height. Setting a cap on a pier.
17.	Cleaning brickwork.	Ingredients and proportions thereof used; after-effects when not used carefully.	Washing, repairing, and pointing brickwork.

## PART 2

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	Chimneys.	Flue sizes; corbelling; linings; clean-outs; thimbles. Types of topping.	The lay-out and building of flues; setting thimbles, linings, and clean-outs. Topping chimneys.
2.	Sills.	Brick sills; stone sills; door-sills; window-sills. Position; overhang, drip, or wash. Method of bedding.	Setting door- and window-sills accurately.
3.	Rowlock and soldier positions of brick.	Meaning and uses. Method of bedding.	Lay out; setting.
4.	Openings.	Window- and door-openings.	Lay-out of bonds for openings; how to build jambs to varying gauge.
5.	Arches.	Segmental; semi-Gothic.	Lay out; cutting, setting.
6.	Drafting.	Geometry; use of symbols and scale.	Reading blue-prints to scale using symbols for the lay-out.
7.	Mathematics.	Square root; cube root; decimals; 3-4-5 rule; fractions.	Applying mathematics to brick-laying and masonry.
8.	Chimney-breast.	Height and width of rough opening. Flues and flue sizes. Corbelling. Gathering. Method of reducing size of chimney-breast.	Lay out and build a rough chimney-breast to size. How to reduce size of chimney-breast.

## SCHEDULE 1—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
9.	Mantels.	Pier sizes; design; lining; damper; wind-shelf; ornamental-work.	The lay-out of mantels; build piers and lining; set damper; construct mantel to a defined height.
10.	Veranda piers.	Depth of footing. Height of piers. Position of beam-holes. Method of capping.	The lay-out of veranda piers; bringing piers level to a finished height; setting a cap on a pier.
11.	Pattern-, bonding- and panel-work.	Herring-bone; 3 and 3 square; diamond.	The lay-out of patterns. Making 45° cuts. Building a border and a panel accurately.
12.	Difficult corners.	13" tile used for backing. 13" solid brick. Tile, or cement block.	To be able to build corners with skill, speed and accuracy.
13.	Cleaning brickwork.	Ingredients and proportions thereof used; after-effects when not used carefully.	Washing, repairing, and pointing brickwork.

## SCHEDULE 2

## CARPENTER

## PART 1

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	Tools.	Safety precautions, and care when using tools. Using the proper tool. Classification of tools: (a) edge-tools, cutting-tools, (b) marking-, measuring- and lay-out tools, (c) assembly-tools, and (d) accessory-tools. Capabilities and limitations of tools. Methods of grinding and whetting tools. Saw-sharpening.	Angles to grind on edges for different tools.
2.	Use of tools.	(1) True up wood to size; face- and edge-marks. Use of plane-gauge, winding-batterns, square, rule, and pencil. (2) Squaring ends of wood; explanation of the cutting-action and the proper angle for cutting with a cross-cut saw. Use of try-square. (3) Use of rip-saw.	Use of face- and edge-marks. Type of plane to use. Proper angle at which to hold and use saws.
3.	Joints; framing and making.	Half-lap joint. Center-lap joint. Half-lap dovetailed joint. Open dovetailed joint. Through-mortice joint and through-tenon joint. Blind-mortice joint and blind-tenon joint. Bare-face tenon joint. Mitre-joint. Dowel-joint. Where these joints are used in carpentry.	How to lay out joints. How to make these joints. How to make a tool-box.
4.	Other joints.	Square-edge joints. Dowel-joints. Rabbet- or ship-lap joint. Plough-and-feather joint. Where these joints are used in carpentry.	How to make these joints.
5.	Wall construction.	Lay-out and position of studs. Marking-out with steel-square.	
6.	Cutting and erecting.	Methods of cutting: (a) to correct length, and (b) squaring. Nailing, erection, and bracing.	How to make a cutting-box. Where to place nails. Method of raising. Placing studs on corners for lath.

## SCHEDULE 2—Continued.

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
7.	Lumber.	Classification. Growth. Defects. Sizes.	Kinds and sizes of lumber for different uses.
8.	Steel-square.	Explanation of various markings on a steel-square. How bevel-cuts are obtained by use of a steel-square. Use of steel-square to determine the length and bevel-cuts of rafters. Use of steel-square for marking mitres, obtaining brace-lengths, and squaring areas.	
9.	Subjects related to carpentry.	Blue-print reading. Mathematics. English.	
10.	Other topics.	Fitting and hanging basement sash. Double tenon with haunch. Scarf-joints and the different types thereof. Making fish-plates. Making sash and assembling; using lay-out rod; clamps; wedging; gluing; cleaning. How to mitre the risers of veranda stairs. Lay-out, cutting, and erection of veranda stairs.	Where a double tenon with haunch is used. Length of bevel of a scarf-joint.  How to lay out and erect stairs.

## PART 2

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	Cutting and erecting.	Placing headers over door- and window-openings. Cutting and erecting sheeting, siding, corner-boards and bevel-ends.	Relative strengths of various-sized headers and materials. Diagonal or horizontal placing of nails. Levelling around structure for the siding.
2.	Laying out and making arches.	Laying out, cutting and erecting arches.	Laying out various arches.
3.	Making carpenters' saw-horses.	Lay-out by steel-square, and then cut and assemble.	Use of steel-square.
4.	Related subjects.	Blue-print reading. Mathematics. English.	
5.	Stairs, newel-posts and hand-rail.	The lay-out, building and erection of stairs, newel-posts and hand-rails.	How to lay out, build and erect stairs, newel-posts and hand-rails.
6.	Inside partitions.	Cutting and erecting plates and studs. Framing door-openings. Girts. Spacing. Bridging. Temporary braces. Diagonal bracing. Strapping walls. Plugging brick walls.	Dimensions for openings. Lay out inside partitions from plane. Methods of doubling studs. Knowledge of centers, nailing methods, and making plugs. How to use a plugging-tool.
7.	Roughing-in frame construction.	(1) Cutting, placing, levelling, and bedding of sills. Marking and boring sills for bolts.  (2) Making and setting wood girders.  (3) Cutting and setting joists. Keeping up the crowned edge of joists. Where and why fire-cuts are made. Spacing and nailing joists. Cutting and placing trimmers, doublers, and bridging. Setting stirrups and anchors.  (4) Studding. Cutting, erecting, and spacing studding. Methods of constructing corners. Top- and bottom-plates. Preparation for openings.	Quality and quantity of materials. Formula for squaring corners. Knowledge of external finishes.  Method of laying out joists. Where to double-joist. Laying out trimmers.  Correct size of nails and the spacing thereof. Where to place bracing. Method of diagonal bracing. Position of headers to obtain maximum strength.

## SCHEDULE 2—Continued.

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
		<p>(5) Nailing rough horizontal, and diagonal sheeting.</p> <p>(6) Erecting scaffolds for various loads. Scaffold materials: sills, legs, headers, ledgers, scabs, horizontal and diagonal bracing, and planking. Safety measures in erecting scaffolds.</p> <p>(7) Cutting, setting and sheeting roof-rafters.</p> <p>(8) Shingling. Types of shingles. Cutting for valleys. Cutting for hips. Correct nailing and size of nails. Caps for ridge and hips. Flashing for valleys. Gutter material. Correct lapping and spacing of shingles.</p>	<p>Relative strength of horizontal and diagonal sheeting.</p> <p>Correct size of nails and the spacing thereof. When to place scabs under ledgers. Safe materials for planking.</p> <p>Lay out of rafters by use of steel-square. Method of raising rafters.</p> <p>Length and type of nails used in shingling. Where to place nails. Placing and use of toe-boards.</p>
8.	Construction.	<p>Boring the bottom of wood columns to insert dowels. Cutting, sizing, and setting corbels. Cutting, squaring, hoisting, setting, and bolting of beams.</p> <p>Types of flooring: loose-tongue, tongued and grooved, and laminated. Reason for spacing the joints of flooring.</p>	<p>Cutting, sizing and setting corbels. Materials for corbels.</p> <p>Where to place nails.</p>
9.	Exterior finish.	<p>Setting window-frames. Setting door-frames. Use of storey-rod. Placing and cutting tongued and grooved siding. Placing and cutting bevel-siding. Placing and cutting asbestos siding. Placing and cutting corner-boards. Placing, cutting, and mitring corners. Window- and door-trim; placing paper over rough sheeting and under door- and window-trim. Cutting and placing of barge-boards: soffits, faciae, bed-moulds, dentil blocks, and flashings. Fitting and placing hardware.</p>	<p>Knowing different types of paper. Use of mitre-box. Types of nails.</p> <p>Where to place flashings.</p>
10.	Interior trim.	<p>(1) Preparing, erecting and fixing of trim; proper methods of setting door-jambs.</p> <p>(2) Cutting and setting base-blocks and casings; preparing and placing heads; coping of stiles to heads; cutting and scribing back-bands; nailing.</p> <p>(3) Trimming windows: preparing, cutting and scribing of stools. Nailing; preparing and cutting of aprons; back-bands and casings.</p> <p>(4) Laying base-boards: cutting, fitting, mitring. Coping, and scribing to floor. Joints used in laying base-boards: butt, tongue, and coped.</p> <p>(5) Preparing, cutting and placing picture-rails and wood cornices.</p> <p>(6) Cutting, nailing, mitring and coping of mouldings.</p> <p>(7) Fitting doors to jambs, heads, and floors; hanging of doors and placing hinges.</p> <p>(8) Fitting window-sashes: case-ment; double-hung. Cords, weights and spring-balances on double-hung window-sashes.</p>	<p>Knowledge and method of nailing all interior trim. Setting door-jambs.</p> <p>Method of obtaining bevel-cuts.</p> <p>Use of mitre box in laying base-boards.</p> <p>How to place mouldings in a mitre box.</p> <p>Necessary allowance for cutting mouldings.</p> <p>Knowledge of how and when to bevel edges of doors. Setting a butt-gauge. Spacing of door-hinges.</p> <p>Knowledge of how to compute the required length of cords. Tying cord to weights; fastening cord to sash; fastening spring-balances to frame and sash.</p>

## SCHEDULE 3

## ELECTRICIAN

## PART 1

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	Ohm's Law.	Definition of volts, amperes, and ohms. Relationship of volts, amperes and ohms in different circuits. Effects on circuits due to change of potential or resistance. Application of Ohm's Law equations. Definition of a watt. Definition of a power. Watt's Law and equations.	Make up various circuits. Read meters and make calculations. Use Watt's Law in conjunction with Ohm's Law.
2.	Series circuits.	What constitutes a series circuit and why. Flow of current. Resistance in series. Effects and values of voltage. Formulae and laws. Method of working problems.	Construct a series circuit using at least 3 loads. Measure the voltage loss in (a) each part of circuit, and (b) the entire circuit. Measure the current in various parts of the circuit. Compute the relationship between the parts and the entire circuit.
3.	Parallel circuit.	What constitutes a parallel circuit and why. Division of current. Effects and values of voltages. Resistance in parallel. Formulae and laws. Calculations and problems.	Construct a parallel circuit with at least 3 branches. Measure the voltage across (a) each branch, and (b) the entire circuit. Measure current in (a) each branch, and (b) the entire circuit. Prove relationship between (a) each branch, and (b) the entire circuit. Change the potential and the resistance and note effects of each change.
4.	Series-parallel circuit.	How to use both sets of laws in calculations. Different methods of working problems.	Construct various circuits. Calculate voltage drops, and currents. Measure with meters and compare.
5.	Simple circuit.	Elements of a circuit. Function of each of these. Method of finding voltage and current.	Construct a simple circuit. Apply voltmeter and take readings. Apply ammeter and take readings.
6.	Bells and circuits.	Principles of operation. Types of bells and buzzers. Circuits required for different purposes. Annunciators, relays, and indicators. Source of supply: battery and transformer. Types of materials used and required. Methods of installation.	Adjustments, simple repairs and mounting of common types of bells, buzzers, and push-buttons. Selecting and installing conductors with insulating-nails and -staples. Selection and arrangement of batteries and transformers. Install bell controlled by single-contact button. Install bell and buzzer each controlled by a button. Install bell operated by a relay. Install bells and buttons in a 3-wire return-call system. Set likely faults in above systems, and then ascertain, adjust and rectify these faults. Make a wiring diagram using conventional symbols.
7.	Conductors and insulators.	Purpose of conductors and insulators. Relative conductivity of conductors in common use. Relative dielectric values of insulators in common use. Utility of non-metals and solutions to conduct current. Sizes, types, and carrying capacities of conductors and insulators. Diameters, and cross-sectional areas. Formulae for finding diameters and cross-sectional areas and determining the proper size of insulators. Measurements and purpose of wire-tables. Relation of gauge-numbers to one another in such terms as No., area, carrying	Identify conductors and insulators. Select conductors to show their relative conductivity. Select insulators to show relative dielectric values. Determine size of wire with micrometer and with wire gauge, and make comparisons. Find size of stranded cables with both. Make comparisons of wire-gauge and micrometer sizes with sizes shown on wire-tables.

		capacity, resistance, and weight. How to read a micrometer. How to use a wire gauge. How stranded cables are measured. Materials used as insulators: tubing, split knobs, porcelain tubes, and strain-insulators. Methods of using and affixing insulators.	
8.	Voltage drop.	Reasons for voltage drops in conductors and circuits. Causes for drops in joints, sliding contacts, and terminal screws.	Measure voltage drops in simple electric circuits for light, heat, and power. Make a number of joints, sliding contacts and screwed connections, good and bad, and test for voltage drop. Place voltmeter across terminals of each light, heater or motor in circuit, and note readings. Place voltmeter across main terminals and note whether there is any difference.
9.	Single and 3-wire circuits.	Outlets required. Fusing, wire sizes, current capacities. Use of solid neutral ground. Computation of 3-wire circuits. Advantages of 3-wire circuits. Feedback, faults and precautions. A study of Ontario Regulations 324/51. Balanced and unbalanced circuits.	Construct a 3-wire circuit. Experiment with balanced and unbalanced circuits. Take meter-readings of each. Trouble-shooting: (a) tracing and testing, and (b) make computations.
10.	Methods of wiring.	Types of materials: knob and tube, non-metallic cable, BX and BXL armoured cable, rigid and flexible conduit, metal and wire mold. Ontario Regulations 324/51 with respect to these materials. Purposes and uses of these materials, and voltages allowed. Number of conductors and bonds allowed in conduit. Over-current devices. Types, sizes, voltages, purposes and uses. Lamps and sockets: types and sizes. Disconnect-switches: types, sizes, uses, and locations. Types and sizes of wood-screws and machine-screws. Grounding: what, where and how to ground. Types of ground-fittings. Sizes of ground-conductors. Methods of mounting: lead expansion-anchors, toggle-bolts, Rawl plugs, drilling and tapping. Sizes of drills and taps used. Service-entrances: sizes, locations, number of, meter-loops, drip-loops, grounding. A study of Ontario Regulations 324/51. Types of panels, fittings, and boxes. Method of using a bender. Hazardous locations in wiring. Rules relative to proper locations for wiring. Types of materials used in these locations: water, liquids, gas, vapour, fire, explosive. Fuses and their location. Wiring for various types of buildings. Splicing cable: use of blow-pot; wiping.	Rough-in one lamp outlet, one receptacle and one switch in non-metallic cable. Rough-in one light, one receptacle and two 3-way switches, and feed to next room. Repeat last 2 items in 13X-, conduit and wire-mold. Cutting, threading, and reaming conduit. Make 2", 3", 4", 5", and 6" nipples with 1/2" conduit. Make 3" in 3/4" and one 3" in 1" conduit. Make until proficient the following bends: saddle, goose-neck, offset, and 90-degree. Wiring over-current devices; use in conjunction with other jobs. Install lamps, sockets and receptacles. Estimate and requisition materials for various jobs. Make up panels and install a 30A panel of 110/220 V. Service with fuse-panel, disconnect-switch, meter loops, and grounded. Repeat with 60A service-and-range receptacle. Study of plans and specifications for conduit installation, and estimate labour and material requirements. Use hydraulic bender. Wire some common types of fittings. Splicing and wiping.
11.	Heating effects.	Conversion to heat: advantages, disadvantages, and uses. Safe carrying-capacities of wires and cable; tables showing these. Heating effect of resistance and effect of heat on resistance. Lamp-filaments, carbon arcs, appliances, thermostats. Construction, purpose and rating of plug- and cartridge-fuses. Action of bimetalic strips when heated. Action	Set up experiments to prove that wire becomes warm as safe capacity is exceeded, and hot as current is further increased. Set up experiments with conductors of various sizes, protected by proper fuses. Select fuses and cut-outs for rating and apply.

		of solder-tubes when heated. Fuse-breakers, mercury switches and thermo-couples.	
12.	Tools.	Care and use of tools used by electricians, such as drills, bits, taps, Greenlee punches, and hole saws. How to sharpen tools and keep them in proper condition. Methods of using and where.	How to select the tools required. How to sharpen tools, with emphasis on drills and wood bits.
13.	Joints and splices.	Properties of solder and flux; danger of excess. Mechanical and electrical requirements of a good joint. Purpose and selection of soldering irons. Properly-tinned iron. Construction and operation of a blow-torch. Extinguishing a gas fire. How to make various joints and splices. How to solder joints and splices. How to insulate joints and splices.	Remove insulation and clean surfaces for joints. Make T tap, pigtail and western union in No. 14 solid. Make joints and splices in No. 16 stranded cable. Make joints in twin conductor cable. Make joints in No. 12 solid. Operate a blow-torch. Tin a soldering iron. Selection of flux and the application thereof after removing the excess. Solder small joints with iron and wire solder. Solder cable-splices with torch and wire solder. Attaching lugs to cables with torch. Application of solderless lugs. Forming loops and attaching to terminal screws. Application of rubber, friction, cotton, and cambric tape. Application of water-proofing compound.
14.	Switches.	Purpose and construction of a switch. Types: single-pole, double-pole, 3-way, 4-way, stove, service-disconnect. Types of materials. Methods of installation. Problems in connecting various types.	Demonstrations in knob and tube. Connecting for various purposes and in various ways. Selection of switches for various given jobs.
15.	Magnetism.	Elementary molecular theory as applied to magnets. Natural magnets. Temporary magnets. Types of magnets such as horseshoe, and bar. Care of magnets: effect of heat and impact, and the need for keepers. Magnetic and non-magnetic materials such as steel, brass, and soft iron. Laws of magnetism. Induced magnetism. Polarity and general shape and intensity of fields about bar and horseshoe magnets. Magnetic shielding-screens.	Identify polarity with compass or magnet. Examine shape and intensity of fields about single magnets and groups of magnets. Make a small magnet. Destroy magnetic influence by impact and heat. Prove conclusively the laws of magnetism.
16.	Cells and batteries.	Primary cells in common use. General construction and action of primary cells. Care and storage of primary cells. Voltage, current and internal resistance of primary cells. Arrangement of cells for current and voltage requirements. General construction and action of storage batteries. Care and storage of storage batteries. Methods of charging and testing storage batteries. Composition and method of mixing electrolyte: specific gravity. Effects of temperature on battery: freezing-points. Sulphation and rates of self-discharge.	Test the primary cells, voltage output and internal resistance. Connect primary cells in series, parallel and combinations. Construct primary cells using various metals for electrodes. Test storage batteries: gravity and short-rate discharge. Make hydrometer and load tests. Charge battery-generator or rectifier. Identify batteries for voltage and capacity; number and size of plates. Select positive and negative terminals; electrolytic test. Removing connection from terminals, cleaning and greasing.
17.	Introduction to lighting.	Types of luminaries: direct, semi-indirect, and indirect fixtures. Fluorescent lighting.	Selecting and mounting fixtures. Wire a fluorescent unit.

18.	General maintenance.	Keeping charts and schedules for oiling and greasing. Defective equipment. Precautions while working on equipment. Warning signs, protection. Care of equipment: megger-testing, contacts, oiling and greasing.	Make up sample charts and schedule. Make necessary repairs to own equipment. Taking precautions; use of signs. Oil and grease equipment. Take inventories.
19.	Planning.	Blue-print reading. Computation of circuits and services: demand factors, wattage requirements, size of conductors. Roughing in: measuring and checking. Materials, spotting outlets and panels. Sequence of operation in specific types of wiring.	Make up blue-prints using standard symbols. Compute size of service, and the number of circuits required. Make wiring diagrams. Estimate number, type and size of materials, fittings, boxes, and panels required.
20.	Rural installations.	Services, types of meters, switches. Grounding; wire, rods, and clamps. Types of wiring materials, and boxes. Location of switches and outlets. Number of outlets. Uses of vapour-proof receptacles. Poultry-house wiring. Motor outlets, yard-lights. Isolated plants, common voltages, wattage requirements.	Wiring installations for a farm having a house, barn, and poultry-house. Draw wiring diagrams. Select necessary boxes, switches, outlet receptacles, wires, and fuses. Wiring for yard-lights.

1.	Electro-magnetism.	Magnetic field about a conductor; compass. The right-hand rule. Magnetic field about a solenoid. Helix rule: polarity of solenoids. Properties of cores: soft iron, hard steel, brass. Permeability, saturation, induced and residual magnetism. Ampere-turns related to strength of electro-magnet. Action of independent coils on the same core with current in coils travelling in same and opposite directions. Where magnets are used. Effects of alternating current and direct current related to magnets.	Use of compass and right-hand rule to determine directions of current and field in single conductors. Construct a solenoid; examine field with iron filings to determine intensity of field. Insert various cores and test relative strength of magnet on various magnetic materials. Make an electro-magnet with at least 2 independent coils. Investigate the effect of coils assisting and opposing one another. Arrange one pair and two pairs of electro-magnets and examine fields with adjacent poles of like and un-like polarity. Application of electro-magnets to bells, relays, vibrators, and lifting-magnets.
2.	Induction; direct current.	Mutual induction between 2 parallel conductors. Mutual induction in a coil. Self-induction in a straight conductor. Self-induction in a coil. Inductive and non-inductive circuits. Lenz's Law. Rotating coil. Voltage drop. Generation of direct current. Counter electro-motive force.	Set up a coil of wire and permanent magnets: show induction; different speeds and directions. Set up primary and secondary coils and use meter to show effect on secondary coils by <ul style="list-style-type: none"> <li>(a) opening and closing of primary,</li> <li>(b) moving coils closer and further away,</li> <li>(c) moving coil through field of other, rapidly and slowly with primary closed, and</li> <li>(d) introducing an iron core and repeating actions under a, b and c.</li> </ul> Set up a coil with a rheostat, and measure the voltage drop with fixed current on both alternating current and direct current.

3.	Testing-equipment.	Precautions for handling and storage of instruments. Selection of meters. General construction and operation of meters. Methods of connecting meters. Purpose and operation of shunts and multipliers. Method of using voltmeter and ammeter for power. Horse-power in terms of watts and kilowatts. Wattmeter, watt-hour meter, symbols, and calibration. Wheatstone bridge.	General core and techniques in applying meters. Techniques used to obtain accurate readings. Make, calibrate, and apply multipliers to voltmeters. Measure resistance with ohmmeter. Measure resistance with megger. Measure resistance with Wheatstone bridge.
4.	Introduction to lighting.	Types of luminaries: direct, semi-indirect, and indirect fixtures. Fluorescent lighting.	Select various types of fixtures. Mount fixtures. Wire a fluorescent unit.
5.	Direct-current motors and generators.	Principles: transfer of electric energy to mechanical energy. Counter electro-motive force, torque, armature reaction. Reasons for speed increases with field-strength decreases. Speed adjustments. Compound, shunt, and series types. Characteristics and uses. Armature-starting rheostat controls. Feeder, switch, and fuse computation. Care and lubrication. Generators, their characteristics and uses. Voltage regulation and control. Commutating and compensating fields. Neutral and commutating planes, brush angle. Methods of checking and testing. Temporary repairs. Methods of operation in parallel and other types of generators.	Test for field connections: visual and electrical. Reversing direction of rotation. Find speed of motors with rheostat counters. Detection of heating; lubrication. Care of brushes and commutators. Use of growler to find opens, shorts and grounds. Voltmeter test: trouble-shooting. Use experimental generator to illustrate simple elements of a motor. Drive a small generator with a small motor and compare input with output. Wire various types of motors to different types of controls and starters. Oil and grease various types of motors. Lead up different types of generators and check reaction. Parallel 2 compound generators.
6.	Armatures.	Types of windings: lap, wave, and symmetry. Methods of testing for faults. Normal meter-readings. Correct methods of feeding armatures. Methods of repair. Insulation. Types of faults in commutators: (a) high, low, and flat spots; (b) shorts, opens, and grounds; (c) out of round, and loose segments; (d) burnt and pitted segments; and (e) high-resistance connections. Correct types of brushes. Proper amount of spring tension. How to install and bed down.	Examine armature and trace leads. Determine type of winding. Dismantle bare armature. Test for opens, shorts and grounds with growler and with voltmeter. Clean commutator and turn down with stone. Fit and bed down brushes. Select proper type of brushes. Adjust spring tension.
7.	Lighting.	Fluorescent lighting: hot cathode, cold cathode, principles of operation, circuits, starters, lamps, ballasts, power-factor correction, connections, and testing.	Wire a fluorescent unit. Make a tester for a fluorescent unit, and then test the unit with it. Make wiring diagrams. Make various circuits with changes in induction. Check different voltage drops and current values.
8.	Alternating current.	Development of alternating current. Generation of a sine-wave. Single phase; polyphase. Induction: induction reaction. Condenser: capacity reaction. Impedance. Formulae for calculating these. Frequency, cycles, power factor. Values of voltage and current: average, instantaneous and effective.	Make a simple condenser.
9.	Single-phase motors.	Different types: split-phase, capacitor, shaded-pole, repulsion, repulsion-induction, synchronous-induction, universal. Characteristics of each type and the work for which	Inspect various types and place each into its proper category. Test each type and get it running. Dismantle motor and examine. Test the spring tension and working conditions of

Types of centrifugal switches and devices. Usual faults and methods of correction. Care and lubrication. Types of controls.	centrifugal switch. Trace and draw diagrams of winding. Clean thoroughly. Assemble and lubricate if necessary. Connect to various types of controls and starting switches.
10.	Controls.	Across-the-line starters. Manual starters. Auto-transformer starters. Magnetic contactors. Remote control. Combination disconnect and magnetic starter. Reversing controls. Construction, principles and uses of these various types of starters. Wiring circuits and connections. Motor and heater ratings. Operation and common faults. Methods of testing and remedies. Action of bimetallic strip and reset action. Sizes and Ontario Regulations 324/51 pertaining thereto.	Examine starters and classify. Trace circuits and draw wiring diagrams. Connect manual starter to variable resistor. Gradually cut out resistance and note effect. Connect magnetic starter to motor with ammeter inserted. Note start and running current. Replace heater coils with lower-capacity coils and note effect. Connect voltmeter across leads; check with handle in starting; check in running position. Change connection to next tap on transformer and repeat tests.
11.	3-phase motor connections.	Method of connecting; Star and Delta connections. Reversing rotation.	Change connections for different voltage. Reverse different types. Connect to various starters and contactors and run.
12.	Transformer connections.	Connections for most common type of transformers. Star and Delta connections on 3-phase motors. Formulae for working voltages and currents.	Connect various types of transformers in circuits. Measure primary and secondary voltages and currents with different connections.
13.	3-phase squirrel-cage motors.	Principles of operation. Rotating fields: Eddy currents, Hysteresis. Slip: synchronism, speed regulation. Induction, magnetizing current, wattless power. Power factor: capacity loading. Methods of connecting: Star and Delta connections. Star parallel motors. Series parallel motors. Delta parallel and Delta series motors. Reasons for motor not starting: single phasing, overload, worn bearings. Overheating due to tight bearings, overload, or low bearings. Methods of testing, correction and repair. Determining and reversing rotation. Calculating and changing speeds.	Make comparisons and select squirrel-cage motors. Remove and bell. Trace winding and determine type and connection. Disconnect present connection and reconnect for higher voltage. Reconnect for different speeds. Check speed with revolution counter. Check for faults; measure air-gap. Connect motors to various controls using different circuits.
14.	Synchronous motors.	Principles of operation and uses. Advantages: constant speed, and power-factor correction. Disadvantages: skilled attendance, source of direct current, and poor starting torque. Construction and likely troubles. Speed regulation and hunting. Remedies for these. Damper windings.	Examine connections. Test field and rotor or armature (if stationary). Check the power factor. Make changes in field excitation and note changes in power factor.
15.	Slip-ring motors.	Principles of operation and uses. Speed regulation. Connections and characteristics.	Select slip-ring motor. Remove and bell, test stator and rotor. Make note of any differences to squirrel-cage. Clean slip-rings and brushes. Assemble, connect to Y-box resistance. Run and note changes in speed by means of tachometer.
16.	Alternators.	Principles: comparison with synchronous motor. Use as either. Generation: no rectification. Speed	Examine and compare with synchronous motor. Check voltage. Increase field current and check

1.	Front axle, and steering.	Ackerman principle of steering. Steering geometry. Elliot type and reverse-elliot type of steering.	Types of front axle: I beam; tubular; independent suspension. Wheel-balance: static and dynamic types. Steering-alignment: castor; camber; toe-in; king-pin inclination; king-pin fitting; reaming and honing bushings. Types of steering-gears: worm and roller; split-nut; cam and lever; re-circulating ball.
2.	Rear-axle assembly.	Torque and horse-power related to work. Methods of drive. Operation of differential. Gear ratios. Lubricants. Types of bearings.	Construction and design. Plain-bevel gear; spur-gear; spiral-bevel gear; hypoid-curve gear. Differential: axle-shafts, or semi-floating. Torque-tube drive; hotchkiss drive. Universal joints. Riveting; checking for run-out, clearances, back-lash, and alignment.
3.	Clutch.	Friction characteristics.	Relining; adjustments; pressure-plates.
4.	Brakes.	Principles of hydraulics. Energy overcome by friction; dissipation of heat resulting from friction. Static friction and kinetic friction. Coefficient of friction. Adhesion or rolling friction.	Master cylinder; wheel cylinders. Valves, pistons, rubber cups, and honing of cylinders. Primary and secondary shoes. Relining, riveting, adjusting, bleeding, and centralising. Mechanical brakes: levers, cables, shafts, and rods. Air-operated brakes. Electrically-operated brakes: solenoids or electro-magnets.
5.	Transmission.	Velocity ratios. Gear-reduction. Direction of rotation. Types of	Construction and operation. Gear ratios. Path of power. Spur-gears,

6.	Cooling system.	Radiation, conduction, and convection. Operating temperatures. Anti-freeze.	Radiators; water-jackets; directional-tubes. Thermostats; water-pumps. Fans.
7.	Engine.	Principles and operation of internal-combustion engines. Fire hazards. Micrometers; cylinder gauges. Forces of vacuum. Compression pressures. Expansion by heat pressure. Horse-power, Society of American Engineers formula (S.A.E.). Inertia; momentum. Piston displacement. Energy: potential energy; kinetic energy. Turbulence; detonation. Relation of reciprocating motion to rotary motion. Dissipation of friction and heat by oil.	Names of all parts, and the functions thereof. Dismantling sequence, and the correct use of tools therefor. Care and disposition of parts in dismantling. Washing of parts; disposal of waste. Examination of moving parts for wear. Pistons: purpose, design, and clearance. Piston-pins: types, and locking-devices. Valves: function, re-facing, re-seating, lapping, adjusting clearances, and lifters. Replacing valve-guides, valve-springs, and tappet-screws. Crank-shaft: main bearings; connecting-rod bearings; oil clearances; line-boring; fitting; connecting-rod aligning. Cam-shaft: bearings, timing-gears, and timing-chains. Valve timing. Piston-rings: purpose and fitting. Methods of oil control. Lubrication: oil-pumps, and oil-filters. Oil-seals, and gaskets. Torque-wrench in rebuilding.
8.	Electrical system.	Chemical source of electrical energy. Causes of sulphation. Effect of extreme temperatures. High resistance. High and low tension. Ohm's law.  Mechanical factors controlling firing-orders. Relation of secondary winding to primary winding in a coil. Reason for and location of safety-gap in a coil. Momentary storage of induced flow in the primary circuit.	Storage batteries: principles of construction and operation; charging-rates; servicing; electrolytic test; specific gravity; low-voltage test; high-rate discharge test. Conductors: use of cables, wires, and ground-straps; copper terminals, and soldering wires thereon; insulation. Principles of electricity and magnetism: forms and kinds of electricity; characteristics of current flow. Magnetism: electro-magnetism, and electro-magnetic induction. Electrical circuits and units for motor vehicles. Circuits: series; parallel; shunt. Ignition circuit: construction and operation of coil, condenser, breaker-points, distributor, and spark-plugs. Ignition timing. Use of instruments in testing; trouble-shooting. Timing-light. Determining spark-plug failure, and heat-ranges. Attaching terminals to high- and low-tension wires.
9.	Starter circuit.	Voltage loss. Amount of current-draw. Relation of electrical energy to mechanical energy. Ring-gear, and the mechanical advantage thereof.	Construction and operation of a starting-motor. Starter-switch: solenoid. Replacing brushes: service tests. Bendix drive. Over-running clutch.
10.	Generator circuit.	Relation of mechanical energy to electrical energy.	Construction and operation of a generator. Cut-out relay, voltage-regulator, current-regulator, and the regulation and servicing thereof. Truing and under-cutting commutator. Use of growler and ampere voltage-regulator.

1.	Wheel alignment.	Different methods of testing angles of steering. Correcting each angle. Testing the steering on a road to ascertain defects.	The 5 angles of steering, and the purpose of each. How to test angles. Effect of accidents on angles of steering: wear on tires, hard steering, wandering, pulling to right or left.
2.	Frame straightening.	Testing a frame to determine bends. Simple straightening at the horn of the frame.	Simple method of checking a frame to determine bends. Straightening a frame bent at the horn of the frame.
3.	Painting.	Different types of lacquers and synthetic enamels. Code numbers of paint and their relation to colour. Primer-coat: the reason for it and how to use it. Kinds of tinting-colours to keep in stock. How to determine colours of surfaces to be painted. Proper number of coats of paint to apply.	Use of air-compressor and how to lubricate it. Use and care of pressure gauges, air-hose fittings, and spray-gun. Proper handling of spray-gun, and proper distance to hold it from surface to be painted. How to determine the correct fan or spray. Sanding down and cleaning of surface to be painted. Preparing of repaired parts for painting. Cleaning and feather-edging of paint before re-painting. Use of primer-coat and filler-coat. Determining number of coats of paint to apply. Maintaining air-pressure on a spray-gun. Density of lacquer or enamel to be sprayed. Maintaining correct flow from spray-gun. Spraying in a smooth and even manner. Rubbing out and polishing surfaces after painting them.

## BRANCH D

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	Tools.	Types of dollies, body-spoons, bumping-hammers, and body-files.	Use of dollies, body-spoons, bumping-hammers, body-files, hydraulic body-jacks, mechanical body-jacks, air-hammers, and electric sanders.
2.	Chassis.	Metals and other materials used in automobile construction and repairs. Gauge of metal. Manufacture of sheet-metal sheets and stampings. Work-hardened areas caused by stamping. Methods of shrinking and stretching metal. Heat-distortion of metal. Reaction of metal to an impact. Paths followed by force of impact.	Hood: panels, hinges, grilles, mouldings, and ornaments. Engine side-pans. Front fenders, grilles, skirts, braces, running-boards, mouldings, hangers, rear fenders, stone-shield, and wheel-shield. Shrinking or stretching metal by the process of heating. How to hammer metal without stretching it. Estimating the gauge of metal. Recognizing work-hardened areas created by shape of panel. Recognizing distortion due to damage from impact. Recognizing simple displacement due to damage from impact. Lining up of hood, radiator-shell, fenders, and bodies. Welding of wire to support edge of fender. Use of solder. Roughing, bumping and finishing of metal.
3.	Welding.	Safety precautions. Function of the parts of welding-equipment. Different flames and their composition. When to braze. When to weld. Fluxes and their metals.	Welding safety precautions. Regulating acetylene and oxygen gauges. Welding of light-gauge steel. Welding of medium-gauge steel. Use of fluxes when welding or brazing. Brazing of steel and cast iron. Cutting of steel and cast iron. Welding of white metals.
4.	Soldering.	Physical properties of common solder-metals. Purpose of and reaction to soldering-fluxes on common metal. Chemical composition of fluxes. Muriatic acid, sal ammoniac, and soldering paste. Precautions in using gasoline.	Precautions in use of gasoline-torch. Tinning a soldering iron. Preparation of metals for soldering. Use of muriatic acid. Preparing zinc chloride. Fusing of solder with metal.
5.	Body units.	Properties of materials. Ductility, work-hardening, malleability, toughness, and elasticity of metal.	Repairing of roof panels, rails, bows, inner panels and chrome-plated strips, mouldings, windshield pillars, cowl, lower and upper panels, ventilators, center pillars, rear-quarter panel, rear-end panel, door-rocker panel, still-plates, floor-pan, rear floor-pan, end-pan, shelf, locks, hinges, handles, and seals. Shrinking and stretching of metals. Judging the severity of an impact by the condition of damaged area of automobile. Relating damage in adjoining parts to impact area. Recognizing effect of impact on other parts. Determining the procedure in repairing. Aligning, roughing, bumping, sanding, and metal-finishing.

SCHEDULE 5  
PAINTER AND DECORATOR

PART 1

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	Introduction.	Reason for painting. What paint is.	Writing a paper on the reason for painting and what paint is.
2.	Basic pigments.	The origin of basic pigments. The source of and method of manufacturing basic pigments. Correct use of basic pigments.	Demonstrating the differences when mixing lead, zinc, and other basic pigments. Writing a paper on basic pigments.
3.	Colour pigments.	The origin of colour pigments. The scale of primary colours. The uses of colour pigments in decoration and the reflection of light.	Mixing primary, secondary, and tertiary colours. Knowing the media they are ground in and the use of colour pigments in paint. Varnish, enamel, japan, and water. Recognition of colour pigments from dyes, permanent and fugitive colours. Writing a paper on colour pigments.
4.	Paint-oils and paint-thinners.	The source of paint-oils. The uses and faults of paint-oils and paint-thinners. Volatile spirits, their classification and uses.	The mixing of paint-oils for a specific purpose. The use of turpentine, mineral spirits, and alcohol, and mixing them for different finishes. Cleaning with volatile spirits. Precautions against fire when using paint-oils and paint-thinners. Writing a paper on paint-oils and paint-thinners.
5.	Brushes, tools, and equipment.	The purpose of the brush. The kinds of brushes. The type of bristle and its origin. How brushes are made. The care and use of brushes.	Recognizing different kinds of bristles. How bristles are placed to make a brush. Bridling a new brush; breaking in a brush; cleaning and keeping a brush when not in use. Correct position to hold a brush. Selecting the proper brush for each kind of work. Writing a paper on brushes, tools, and equipment.
6.	Preparing surfaces for painting.	How to prepare plaster surfaces. Check for dampness and for hot-lime spots. Ascertain type of plaster, and whether the surface is smooth, hard, rough, or sand. Check the texture of the surface and stucco; cement; wall boards. Use of acetic acid and zinc sulphate as neutralizers. Cutting out cracks for a proper repair job. Method of repairing sand surfaces and stucco surfaces. Burning off paint from surfaces by means of a blow-torch or a "prestolite" torch. Removing finish with paint-remover from stained, filled, and varnished surfaces. Cleaning and washing surfaces; precautions against fire.	Cleaning off plaster splashes. Cutting out cracks to form a key; mixing the plaster; stopping up with knife and trowel; smoothing off with sponge and brush. Sealing the plaster to prevent suction; sizing with glue size, sugar size, varnish size, and primer sealer. Use of the blow-torch; filling and lighting the blow-torch; correct position to hold the blow-torch and knife. Use of paint-removers and how to apply to surfaces. Cleaning of surfaces by means of washing-compounds, sand-paper, and steel-wool. Shellacking of knots; indentations. Selecting the correct primer-stain or filler and its application. Writing a paper on preparing surfaces for painting.
7.	Scaffolding.	The purpose of scaffolding. Types and sizes of ladders, trestles, planks, ladder-jacks, extension ladders, beams, cat-walks, tubular scaffold, roof-brackets, hooks, swing-stages, ropes, blocks, sand-bags; various knots; correct and incorrect ways to erect scaffolds; municipal by-laws.	How ladders are made. Selecting the proper ladder or equipment according to the area and height of job; inspecting each piece of equipment before using; check-line, ladder, locks, and braces. Correct placing of beams and planks on ladders to insure progressive movement of scaffold. Covering with clean drop-sheets after removing breakables. Limit the number of men to work on a scaffold according to the type and height thereof. Protect surface

			of wall with cloths tied around top of a ladder leaning against a wall; placing sand-bags at the foot of a ladder to prevent the ladder from slipping. Check all sections of extension ladders to ascertain that they are locked securely. Splicing ladders with ropes. Swing-stages, check fire-walls and cornices before placing hooks; check ropes and blocks; place back-rest in stirrup-irons. Raise stage two feet from ground; place and try rope-hitch; test stage before raising it; place ropes in barrels to prevent persons from tripping; raise stage and ropes, and secure at the end of each day's work. Write a paper on scaffolding.
8.	Painting walls, wood-work, and metal.	Knowledge of paint-pigments, paint-oils, driers, and colour pigments. The effect of weather and the season of the year on paint. The correct primers and finishes for wood, metal, plaster, brick, and stone surfaces; the use of creosote stains, and water-proofing paints. Necessary tools and equipment.	Mixing paint from lead, zinc, and titian-oxide to proper consistency to suit various surfaces; tinting paint; straining paint. Treating of galvanized metal before painting; mixing lead or aluminium for the painting of metal. Selecting the proper brushes and equipment; brushing on the paint; cutting-in of sash; stopping up after priming; preparing each coat. Brushing of wall-paints, enamels, and varnish. Finding the coverage of various paints and how much paint can be obtained from 100 pounds of lead; the use of lead putty and linseed-oil putty; protecting lawns by means of drop-sheets. The importance of keeping tools and equipment clean; taking down ladders and when not in use placing them out of the way in a neat manner. Writing a paper on tools and equipment.
9.	Bleaches.	Bleaching of hard and soft woods before refinishing them. Types of bleaches; oxalic; tartaric; chloride of lime; alum; commercial bleaches. The use of earthenware containers, fibre brushes, and rubber gloves.	Inspecting surface before bleaching; gathering the necessary tools and sponges; protecting surrounding surfaces; mixing the bleach, applying it and noting the progress thereof; washing off all traces of bleach; protecting nose and mouth when using acids. Writing a paper on bleaches.
10.	Stains, staining, and fillers.	Types of stains: oil, water, spirit, acid; composition and use of stains. Fuming with ammonia. Hardwood and soft wood, and the correct treatment thereof.	Checking surfaces before staining or filling. Selecting the proper type of stain, brushes, cloths, and sponges. Mixing of pigmented stains. Protecting floors; applying and wiping stain; the proper place to start and finish; disposing of oil-soaked rags to prevent fire. Keeping equipment clean. Writing a paper on stains, staining and fillers.

## SCHEDULE 5—Continued

## PART 2

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	Water-paints; calcimine.	Calcimine, its composition and use; water-paints; "casene". Emulsion; waterproofing.	Preparing surfaces to receive water-paints; mixing and tinting calcimine, and the dry and wet method thereof; straining and letting the calcimine jelly before use. Selecting the correct brush; the proper way to apply, keeping the edge wet; the proper place to start. The proper way to mix "casene" powder, and paint; the proper temperature of water; cleaning with sponge on completion of job. Removing old calcimine; cleaning soiled "casene" and emulsified paint-surfaces. The use of alum and soap as a waterproofing. Writing a paper on water-paints and calcimine.
2.	Paper-hanging.	Brief history of wall-paper. How wall-paper is made, and how it is printed by block and roller; various types, sizes and widths. Correct ways to trim, paste, fold, and hang. Tools and equipment necessary for paper-hanging. How to mix paste, and size. The proper place to start in a room. How to measure a room for wall-paper. The 3 basic requirements: (a) patience, (b) thoroughness, and (c) cleanliness.	Checking plaster before starting to hang over defective plaster. Selecting the proper equipment and tools; covering furniture and floors with drop-sheets. Shading wall-paper before cutting it. Measuring lengths; matching; allowing for waste; mixing prepared-paste or flour-paste to suit paper. Pasting, folding, trimming, and hanging to a chalked line. Hanging to match pattern with a butt. Sponging paste from wood-work; cleaning-up when through. Method of trimming, pasting, and hanging varnished and embossed leatherettes, burlap, wall-cloth, and cotton. The purpose and use of lining-papers. Write a paper on the subject of paper-hanging.
3.	Preparing wood and metal surfaces by burning.	Removing paint by use of a gasoline torch, and a "prestolite" tank. Precautions to guard against fire. Tools required for this work.	Placing a pail of sand or water, or a fire-extinguisher close at hand before commencing work. Examining surface for decayed wood before applying torch. Filling and lighting torch. The correct way to hold torch and knife. The use of a metal shield to protect glass. The use of knives, picks, steel-wool, and shave-hooks. Cleaning the surface of wood and metal. Use of shellac for knots and resinous spots. Use of spatula and broad-knife for re-surfacing wood-work. Sanding woodwork. The composition of primer. Second and third coats of paint. Mixing correct undercoats for various finishes to avoid checking.
4.	Hardwood finishing: interior and exterior.	Proper treatment: finishes, removers, bleaches, fillers, stains, shellacs, varnishes, and lacquers. Composition of finishing materials. Fire-hazards in use of paint-removers. Static electricity in use of steel-wool near exposed electrical outlets. Spontaneous combustion from oily rags. Protection of nearby surfaces with wax paper and cloths. Burning-in with coloured shellac.	Preparing hardwood by removing the old finish with paint-remover. Use of knives, scrapers, shave-hooks, picks, steel-wool, sand-paper; washing with soda and with benzine; bleaching with oxalic acid. Staining and filling. Matching putty to colour of finish. Shellacking. Varnishing, and the use of lacquer. Rubbing with oil and water, pumice and rotten-stone, felt-hair, and grass. Cleaning and polishing. Use of spirit lamp, palette-knife, and coloured stick-shellac to fill defects in stained or filled surfaces. Smoothing shellac with heated knife.

SCHEDULE 5—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
5.	Glass-glazing.	The various types of glass: plain, double-diamond, plate, obscure, and wire. Method of securing glass in frames. Tools required. Composition of putty, linseed-oil, and mastic.	Selecting table. Marking the table on its outside edges as a guide when measuring. Cutting glass with diamond, wheel, or circular cutter. Selecting different grades for different purposes. Back-puttying before placing glass. The use of knife in facing and smoothing putty. The use of zinc points in fastening glass in wood frames. The method of fastening glass in steel sash by means of peg-fasteners and spring-fasteners.
6.	Stencils and ornament.	Knowledge of the fundamental principles of decoration. Evolution of primitive design from Egyptian art: flat and lacking in perspective. General knowledge of periods. Knowledge of free-hand drawing, geometry, perspective drawing, primary, secondary, and tertiary colours. Pigments. Purpose and correct use of stencils. Various kinds of stencils: direct, one-colour, two-colour, background and diaper, offset and tube outline. Tools and paper to use.	Drawing of design for a stencil. The use of manila paper. The placing of ties. Pricking the design with wheel. Placing of paper on glass, ready for cutting; use of stencil knife. Cutting a stencil lacking ties. Use of pantograph. Steel-square rule and triangle. Oiling stencil-paper. Use of carbon paper. Applying stencil to surface. Use of stencil-brush. Cleaning stencil. Placing guide-lines on stencil to make an even match; mixing proper type of paint for stencil work.
7.	Lettering.	The ability to draw free-hand. Knowledge of perspective of types of lettering: Roman, block, and script. Knowledge of colour: vehicles, pigments, oil, and driers. Types of hair brushes and bristle brushes, and their uses: palette, maulstick, pricking-wheel, pounce-bag, and stippler. The use of gold metals and sizes. The use of a square and a chalkline for horizontal and vertical lines, and right angles.	Measuring of letters. Laying out and spacing of letters. Marking of parallel lines to keep letters straight. Setting out in free-hand. Working in the pencil-brush, making the stroke without causing ridges. Making and use of pounce-bag. Using pricking-wheel. The use of maulstick and palette. Dividing number of letters in an inscription by four or eight; divide a sign same way to get correct proportions and lay-out. The care of brushes when not in use.
8.	Graining and marbling.	Knowledge of the different species of woods. Soft woods. Hard woods. Typical grain. Methods of cutting to produce quarter-cut, heart, and straight grain; the method of re-producing these with paint: the correct ground, graining, colour and glazes; the correct brushes, combs and other tools required; the selection of colours, vehicles, and wax. Water colour. Oil colour. The use of check-rollers.	Preparing the surface and coloured ground for each kind of wood. The mixing of graining-colour. The manner of applying, wiping, and combing with steel or rubber combs. Wiping out with cloth. Using pencil brush. Softening with fitch or badger. Using flogger, mottlers, and over-grainers in glazing. Using gold size and turpentine to fasten water-colour and glazes. Finishing off ready for varnish.

SCHEDULE 6

PLASTERER

PART 1

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	Introductory lecture.	Pictures, charts, and samples.	
2.	History of plastering and stuccoing: primitive man; Egypt and Mesopotamia; Greece and Rome.		

## SCHEDULE 6—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
3.	History of plastering (continued): Moorish and Italian influence; Colonial period; modern trends; plastering as an art.		
4.	Definition of trade terms; names of tools and equipment.	Lumber for boxes.	Make mixing-boxes for lime and for patented plasters for use over wood lath and metal lath.
5.	Properties, proportions and bonding qualities of materials used in plastering.	Sheet-zinc.	Make mixing-boxes for lime and for patented plaster for use over masonry. Make scratches of wood and sheet-zinc.
6.	Mixing of plasters for scratch-coat and application of scratch-coat to walls of wood lath, metal lath and masonry, from floor and scaffold.	Lime; hair; fibre; sand; patented plasters.	Apply scratch-coat to walls of wood lath, metal lath and masonry, from floor and scaffold.
7.	Effects of dirt, temperature and weather. Degree of dryness for scratching of scratch-coat. Application of scratch-coat to ceilings.	Hawk, trowel, board, hod, hoe, screen, and shovel.	Apply scratch-coat to ceilings of wood lath, metal lath, and masonry.
8.	Purpose and values in keying of different sand, hair, and fibre.		Apply scratch-coat to inside and outside angles on walls and ceilings.
9.	Purposes and values of scratching different types of lath; wetting masonry before application of scratch-coat.		Apply scratch-coat over beads, beams, panels, and arches.
10.	Brown-coating mixtures, and when and how to apply them.		Apply brown-coat over scratch-coat; straighten and float without using grounds.
11.	Purposes of grounds, angle-beads, darby, and floats.	Angle-beads; darby; floats.	Apply brown-coat over scratch-coat; straighten by using grounds; float and cut out inside angles.
12.	Purposes and values of fibre- or plaster-board bases when used for insulation.		Apply brown-coat over bases other than lath or masonry; straighten and float without using grounds or angles.
13.	Bonding-qualities of fibre- and plaster-board bases.		Apply brown-coat over bases other than lath or masonry; straighten by using grounds; float and cut out inside angles.
14.	Purpose and value of spirit-level and chalk-line, with reference to dots and screeds.	Spirit-level; chalk-line; straight-edge.	Prepare a ceiling for brown-coat, using spirit-level and chalk-line to set dots and screeds.
15.	Method of applying brown-coat to ceilings; straighten by using screeds and straight-edge; float.		Apply brown-coat to ceilings, straighten by using screeds and straight-edge; float. Apply brown-coat to beams, panels, and pilasters.
16.	Purpose of measuring-rod.		Establish levels, dots and screeds using water-level for ceiling panels.
17.	Effects of different mixtures for brown-coat.		Apply brown-coat to ceilings.
18.	Purposes and values of floats, a brush, and a straight-edge.	Brush, square, saw, hammer, plumb-bob.	Apply brown-coat to ceiling panels.
19.	Properties of sand-finish materials.	Angle, float.	Mixing of materials for a floated sand-finish.
20.	When and where to apply a sand-finish on interior surfaces.		
21.	Recognition of faulty mixtures before application.		Apply sand-finish on walls from floor and scaffold.

## SCHEDULE 6—Continued

Item	Column 1 SUBJECT-MATTER	Column 2 INSTRUCTION IN	Column 3 SKILLS FOR PUPILS
22.	Imperfections and remedies in a sand-finish after application.		Apply sand-finish over brown-coat on ceilings.
23.	Properties of putty-coat materials.		Mixing of putty-coat materials.
24.	When and where to apply putty-coat to interior surfaces.		Preparation of brown-coat to receive putty-coat.
25.	Recognition of faulty putty-coat mixtures before application.	Finishing-trowel, and cutter.	Apply putty-coat finish to walls from floor and scaffold, and then polish the finish.
26.	Imperfections and remedies in putty-coat finish after application.		Apply, finish and polish putty-coat on ceilings.
27.	Properties and characteristics of common irregular finishes.	Assorted colours of mineral pigments.	Mixing a number of different irregular finishes.
28.	Origin and use of irregular finishes.		Prepare brown-coat on walls to receive irregular finishes. Apply a number of different irregular finishes to walls.
29.	Necessity of submitting samples of irregular finishes to architect or owner.		Apply a number of different irregular finishes to ceilings to match the walls already finished.
30.	Properties of Keen's cement.	Keen's cement	Mix Keen's cement for finish-coat.
31.	When and where to use Keen's cement.		Mix Keen's cement with lime-putty for different finishes.
32.	Purposes and characteristics of Keen's cement.		Apply, trowel, and finish Keen's cement on walls.
33.	Methods of lining vertically and horizontally to represent tile.		Apply, trowel, finish, and polish plaster on walls, and then line to give the appearance of tile.
34.	Properties and characteristics of Caen-stone mixtures. Proper proportions for Caen-stone mixtures.		Prepare a Caen-stone mixture for imitation-marble finish and prepare brown-coated wall to which the mixture is to be applied.
35.	Purpose and method of applying imitation-marble finishes.	Jointing-tools; pointing-tools; sandpaper; powdered pumice-stone.	Apply a Caen-stone mixture on walls, and then trowel, joint, point, finish, and polish.
36.	Properties and characteristics of travertine mixtures, and how to recognize proper mixtures.	Travertine.	Prepare a travertine mixture to give the appearance of marble, and then prepare brown-coated pilasters to which the mixture is to be applied. Apply the travertine mixture, and then trowel, joint, point, finish, and polish it.
37.	Properties, preparation and mixtures of stucco and cement plaster for exterior scratch-coat.	Portland cement.	Make mixing-boxes.
38.	Preparation of mixtures for waterproofing.		Apply the mixtures to masonry walls.
39.	Methods of handling and applying exterior scratch-coat.		Apply scratch-coat to masonry walls over the waterproofing.
40.	Comparison of different bases for exterior scratch-coat.		Apply waterproofing mixture to walls having a base of wire netting, or metal lath.
41.	Methods of scratch-coating exterior ceilings having a base of wire netting, metal lath, or patented substitutes.		Apply waterproofed scratch-coat to exterior ceilings having a base of wire netting, metal lath, or patented substitutes.

## SCHEDULE 6—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
42.	Methods of scratch-coating special surfaces such as copings, arches, chimneys, window- and door-heads.		Apply scratch-coat to these surfaces.
43.	Purposes of spots and screeds on surfaces to be brown-coated.		Place spots and screeds on exterior walls.
44.	Mixtures of brown-coat materials for exterior walls.		Preparation of materials for brown-coat on exterior walls.
45.	Methods and precautions in scaffolding.		Apply brown-coat to walls after they have been spotted and screeded.
46.	Waste-materials and how to salvage them by re-mixing. Methods of lining, plumbing, and levelling surfaces.		Apply brown-coat to walls and other surfaces that are not spotted or screeded.
47.	Methods of spotting, screeding and truing surfaces.		Line, level, spot, and screed surfaces.
48.	Methods of preparing irregular surfaces for brown-coat.		Apply brown-coat to surfaces.
49.	Methods of applying, filling in, and floating walls and ceilings that have serious hollows.		Apply, fill in, and float walls with deep hollows.
50.	Imperfections in brown-coat mixtures and recognition of faults before application.		Prepare other irregular surfaces for brown-coat.
51.	Special methods of brown-coating surfaces.		Brown-coat surfaces.
52.	Properties and characteristics of white Medusa cement. Mineral pigments compared with synthetic or manufactured colouring-materials.	White Medusa cement; white sand.	Prepare dry materials for third coat for following finishes: (a) plain natural Portland cement; (b) plain white Medusa cement. Add colouring-materials and then mix and apply to surfaces.
53.	(1) Dash-finishes. (2) Methods of lining surfaces to resemble ashlar. (3) Materials used in rough-cast finishes. (4) Methods of applying rough-cast finishes. (5) Methods of applying dash-materials to rough-cast surfaces.	Pebbles, stone chips, shells, and broken glass.	Application of dash-finishes to surfaces. Line, joint and point surfaces to resemble ashlar. Joint and point surfaces to resemble rubble. Prepare materials and surfaces for rough-cast finish. Apply rough-cast finish to surfaces.  Apply pebbles or stone chips evenly to rough-cast surfaces.
54.	(1) Characteristics of stippled finishes. (2) Methods of obtaining different stippled effects. (3) Methods of obtaining different combed and scraped finishes.	Sponges; buckets.	Preparation of materials and surfaces for stippled finishes. Prepare materials and surfaces for combed and scraped finishes. Apply finish-coat to surfaces, and then comb and scrape for different finishes.
55.	Methods of transferring moulding-profiles from blue-prints to zinc sheet.	Sheet zinc; tin-snips.	Transfer profile of simple moulding to zinc sheet, cut to outline and clean up the edges.
56.	Naming and assembling wooden portions of mould.	Lumber and nails.	Prepare wooden portions of mould and assemble.
57.	The moulding-bench.		Make a moulding-bench; set running strips.
58.	(1) Materials and mixtures used for running mouldings.	Plaster of Paris, lime, gypsum plaster.	Make a small mixing-box and all other necessary preparations for running mouldings.

## SCHEDULE 6—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
	(2) Mixing materials, and methods of running mouldings.		Run a simple moulding on the bench and set aside to set up.
59.	Methods and purposes of mitring both inside and outside corners.		Make sample mitres for inside and outside corners.
60.	Methods of laying out a wall to receive simple moulding, and methods of planting moulding in place.	Plasterer's small tools.	Lay out the wall, plant moulding in place, and finish the joints properly.
61.	Transfer profile of simple cornice-moulding from blue-print or sample to zinc.		Transfer the profile, cut out and true up edges for simple cornice-moulding.
62.	Making a mould for running simple cornice-moulding on the wall.		Make wooden members and assemble the whole.
63.	Methods of setting and purposes of ceiling-lines and wall running-strips.		Lay out ceiling-line, lay out wall and set the running-strips.
64.	Mixtures and methods of running a simple cornice-moulding on the wall.		Mix materials and run a simple cornice-mould on the wall.
65.	Methods of mitring corners when moulding is run on the wall and mould cannot be used for mitres.		Mitre the corners where mould cannot be used.
66.	Methods of building up a wall and ceiling intersection for heavy cornice-moulding.	Different types of wood lath and metal lath.	Build up with furring strips, lath (wood and metal) to ceiling and wall intersection to receive heavy cornice-moulding.
67.	Construction and purpose of muffler on heavy cornice-mould, to be used to run heavy cornice on the wall.		Construct a mould from blue-print or sample for heavy cornice-mould and apply muffler.
68.	Application of and mixtures used for brown-coat for heavy cornice-moulding.		Run brown-coat with muffler, mitre inside and outside corners.
69.	Construction of pilaster and wall-panel moulds.		Construct pilaster and wall-panel moulds (double-sided).
70.	Construction of radius mould for running circular ceiling-panel mouldings.		Make a radius mould to correspond with blue-print or sample.
71.	Methods of laying out circular ceiling panels.		Lay out and establish centres for running circular ceiling-panel mouldings.
72.	Materials and mixtures for and methods of running ceiling-mouldings with radius mould.		Run circular mouldings on ceiling.
73.	Methods of laying out semicircular arches for running mouldings with radius mould.		Lay out a semicircular arch and establish centre for running moulding with radius mould.
74.	Methods of running semicircular arch from spring-line to spring-line with radius mould.		Mix materials and run moulding for a semicircular arch with radius mould and continue moulding to floor with straight moulding.
75.	Methods of running mouldings to contour of Gothic arches.		Mix materials and run moulding to contour of Gothic arch with radius mould and continue moulding to floor with straight mould.
76.	Methods of laying out elliptical arches.		Lay out an elliptical arch and set running strips for peg mould.
77.	Method of construction of peg mould for running an elliptical arch.		Make a peg mould for heavy moulding to correspond with blue-print or sample, and then apply muffler.

## SCHEDULE 6—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
78.	Method of running moulding for an elliptical arch with peg mould and muffler.		Run brown-coat to arch from spring-line to spring-line leaving clean ends to permit application of pre-cast ornaments. Remove muffler from mould and run finish-coat on moulding brown.
79.	Running mouldings on niches by horizontal and vertical methods.		Run mouldings on niches by horizontal and vertical methods.

## PART 2

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
80.	Properties and mixtures of cement plaster and stucco for exterior scratch-coat.	Portland cement.	Make mixing-boxes and other preparations for the year's work.
81.	Preparation of surfaces for scratch-coat of cement plaster or stucco.		Prepare surface waterproofing and apply to masonry walls.
82.	Methods of handling and applying exterior scratch-coat.		Apply scratch-coat to necessary walls over surface waterproofing.
83.	Comparison of different bases for exterior scratch-coat; wire netting and metal lath over paper sheathing, patented combinations.		Apply waterproofed plaster to walls with base of wire netting, metal lath.
84.	Methods of scratch-coating exterior ceilings over a base of wire netting, metal lath and patented combinations.		Apply waterproofed scratch-coat to exterior ceilings of different bases.
85.	Methods of scratch-coating special surfaces, copings, arches, chimneys, window-heads, door-heads.		Apply scratch-coat to special surfaces.
86.	Purposes of spots and screeds on surfaces to be brown-coated.		Set spots and screeds on exterior walls.
87.	Mixtures of brown-coat materials for exterior walls.		Preparation of materials for brown-coat on exterior walls.
88.	Methods of and precautions to be taken in scaffolding; a study of local by-laws.		Apply brown-coat to walls spotted and screeded.
89.	Waste materials and re-mixing them for salvage.		Apply brown-coat to walls assumed to be true and not spotted or screeded.
90.	Methods of lining, plumbing and levelling.		Apply brown-coat to surfaces assumed to be true. Apply brown-coat to ceilings assumed to be true and not spotted or screeded.
91.	Methods of spotting, screeding and truing ceilings not assumed to be true.		Line, level, spot and screed ceilings not assumed to be true.
92.	Methods of spotting and screeding surfaces.		
93.	Uses and purposes of a spirit-level, water-level, and chalk-line.		Apply brown-coat to surfaces.
94.	Methods of preparing odd or irregular surfaces for brown-coat.		Apply brown-coat to surfaces.

## SCHEDULE 6—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
95.	Methods of laying on, filling in and floating walls that have deep hollows.		Lay on, fill in and float walls with deep hollows.
96.	Methods of laying on, filling in and floating ceilings that have deep hollows.		Lay on, fill in and float ceilings with deep hollows.
97.	Imperfections in brown-coat mixtures, and recognition of these imperfections before application of the mixtures.		Prepare for brown-coat those odd or irregular surfaces not studied under item 94.
98.	Special methods of brown-coating surfaces.		Brown-coat surfaces.
99.	Methods of applying brown-coat to surfaces containing stone, or brick that is to be left exposed.		Prepare surfaces and apply brown-coat.
100.	Properties and characteristics of white Medusa cement.	White Medusa cement; white sand.	Prepare dry materials for third coat for following finishes: (a) plain natural Portland cement; and (b) plain white Medusa cement.
101.	Mineral pigments compared with synthetic or manufactured colouring-materials.		Mix and apply third coats to surfaces.
102.	Materials used for dash finishes.	Pebbles, stone chips, broken glass, and shells.	Apply a pebble dash-finish and a stone-chip dash-finish to surfaces.
103.	Methods of lining, jointing and pointing surfaces to resemble ashlar or rubble.		Line, joint and point surfaces to resemble ashlar. Joint and point surfaces to resemble rubble.
104.	Materials used in rough-cast finishes.		Prepare materials and surfaces for rough-cast finish.
105.	Methods of applying rough-cast finishes.		Apply rough-cast finish to surfaces.
106.	Methods of applying dash materials to rough-cast surfaces.		Apply even dash of pebbles or stone chips to rough-cast surfaces.
107.	Methods of applying hand-placed dash-finishes to rough-cast surfaces.		Apply hand-placed finishes of broken glass or shells to rough-cast surfaces.
108.	Characteristics of stippled finishes.	Sponges; buckets.	Preparation of materials and surfaces for stippled finish.
109.	Methods of obtaining different stippled effects.		Prepare materials and surfaces for combed and scraped finishes.
110.	Methods of obtaining different combed and scraped finishes.		Apply finish-coat to surfaces, and then comb and scrape for different finishes.
111.	Methods of transferring moulding-profiles from blue-prints to zinc sheet for moulds.	Sheet zinc; tin-snips.	Transfer profile of simple moulding to zinc sheet, cut to outline and clean up edges.
112.	Name of parts and assembly of wooden members of mould.	Lumber; nails.	Prepare wooden members of mould and assemble the whole.
113.	The moulding-bench.		Make a moulding-bench, set running strips.
114.	Materials and mixtures, used for running mouldings.	Plaster of Paris; lime; gypsum plaster.	Make a small mixing-box and all other necessary preparations for running mouldings.
115.	Mixing materials and methods of running mouldings.		Run a simple moulding on the bench and set aside to set up.
116.	Methods and purposes of mitring both inside and outside corners.		Make sample mitres for inside and outside corners.

## SCHEDULE 6—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
117.	Methods of laying out a wall to receive simple moulding and methods of planting moulding in place.	Plasterer's small tools.	Lay out the wall, plant moulding in place, and finish the joints properly.
118.	Transfer profile of simple cornice-moulding from blue-print or sample to zinc.		Transfer the profile, cut out and true up edges for simple cornice-moulding.
119.	Making a mould for running a simple cornice-moulding on a wall.		Make wooden members and assemble them.
120.	Methods of setting and purposes of ceiling lines and wall running-strips.		Lay out a ceiling line, lay out a wall and set the running-strips.
121.	Mixtures and methods of running a simple cornice-moulding on the wall.		Mix materials and run a simple cornice-mould on the wall.
122.	Methods of mitring corners when moulding is run on the wall and mould cannot be used for mitres.		Mitre the corners where mould cannot be used.
123.	Methods of building up a wall and ceiling intersection for a heavy cornice-moulding.	Different types of wood lath and metal lath.	Build up with furring strips, lath to ceiling and wall intersection to receive a heavy cornice-moulding.
124.	Construction and purpose of a muffler on a heavy cornice-mould to be used to run a heavy cornice on the wall.		Construct a mould from a blue-print or sample for a heavy cornice-mould and apply muffler.
125.	Application of and mixtures used for brown-coat for a heavy cornice-moulding.		Run brown-coat with muffler; mitre inside and outside corners.
126.	Construction of pilaster and wall-panel moulds.		Construct double-sided pilaster and wall-panel moulds.
127.	Methods of laying out walls for running pilasters and panel mouldings.		Lay out a plain wall and set running strips for pilasters and panel mouldings.
128.	Materials and mixtures and methods of running pilasters and panel mouldings.		Mix materials and run pilasters and panel mouldings on wall.
129.	Construction of cornice-mould with five members or profile.		Construct a cornice-mould of five members to run cornice on wall with pilasters.
130.	Methods of laying out a wall and ceiling and setting running-strips to run mould.		Lay out ceiling lines, lay out a wall and set running strips to run moulding.
131.	Methods of running, and materials and mixtures used to run, a cornice moulding on a wall set with pilasters.		Mix materials and run moulding on wall.
132.	Methods of laying out ceilings and setting running-strips for ceiling-panel mouldings in geometrical designs other than circular.		Lay out and set running-strips on ceiling in geometrical designs using straight lines.
133.	Materials and mixtures used and method of running ceiling-panel mouldings from a scaffold.		Mix materials and run moulding on ceiling.
134.	Construction of radius mould for running circular ceiling-panel mouldings.		Make a radius mould to correspond with blue-print or sample.
135.	Methods of laying out circular ceiling-panels.		Lay out and establish centres for running circular ceiling-panel mouldings.

## SCHEDULE 6—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
136.	Materials and mixtures and methods or running ceiling-mouldings with radius mould.		Run circular mouldings on ceiling.
137.	Methods of laying out semicircular arches for running mouldings with radius mould.		Lay out semicircular arch and establish centre for running moulding with radius mould.
138.	Methods of running semicircular arch from spring-line to spring-line with radius mould.		Mix materials and run semicircular arch-moulding with radius mould and continue moulding to floor with straight moulding. Lay out Gothic arch to be run with radius mould.
139.	Methods of running mouldings to contour of Gothic arches.		Mix materials and run moulding to contour of Gothic arch with radius mould and continue to floor with straight mould.
140.	Methods of laying out elliptical arches.		Lay out an elliptical arch and set running strips for peg mould.
141.	Method of construction of a peg mould for running an elliptical arch.		Make a peg mould for heavy mouldings to correspond with blue-print or sample, and then apply muffler.
142.	Method of running an elliptical arch-moulding with peg mould and muffler.		Run brown-coat to arch from spring-line to spring-line leaving clean ends to permit application of pre-cast ornaments. Remove muffler from mould and run finish-coat on moulding brown.
143.	Run mouldings on niches by horizontal and vertical methods.		Run mouldings on niches by horizontal and vertical methods.
144.	Method of laying out and screeding a covered ceiling or any similar surface involving a circle on a circle.		Mix and apply scratch-coat to a covered ceiling. Mix and apply brown-coat to ceiling.
145.	Methods of finish-coating ceilings.		Apply a finish putty-coat to ceiling brown-coated.
146.	Methods of laying out a ceiling for false beams.		Lay out ceiling for false beams.
147.	Methods of building up false work for beams on ceiling.		Build up false work for beams on ceiling.
148.	Methods of applying scratch-coat to beams on ceiling.		Apply scratch-coat to beams on ceiling.
149.	Methods of screeding and brown-coating beams on ceiling.		Mix and apply brown-coat to beams scratch-coated.
150.	Method of running bed- or crown-mouldings at intersections of beams and ceiling.		Lay out and set running-strips for running crown- or bed-mouldings at intersection of beams and ceiling.
151.	Method of running mouldings.		Run crown- or bed-mouldings.
152.	Method of applying a finish-coat to beams.		Apply a finish-coat to beams brown-coated.
153.	Methods of laying out panels on ceiling in geometrical designs using only straight lines.		Lay out panels on ceiling in geometrical designs using only straight lines.
154.	Methods of running panel-mouldings.		How to run mouldings.
155.	Methods of laying out circular panels on ceiling.		Lay out circular panels on ceiling.
156.	Methods of constructing moulds in which to cast plaster mouldings.		Construct a mould in which to cast a simple dentil-moulding.

## SCHEDULE 6—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
157.	Methods of casting mouldings.		Cast mouldings in the mould. Cast an intricate cornice-moulding.
158.	Methods of mitring pre-cast mouldings.		Mitre short sections of moulding-cast, plant on inside and outside corners and finish the joints properly.
159.	Methods and purposes of cutting to lose on pre-cast mouldings.		Cut to lose, plant and make good the joint on dentil-moulding cast and mitres.
160.	Opening out to gain on pre-cast mouldings.		Open out to gain, plant, point and make good the joints on cornice-moulding cast and mitres.
161.	Purposes of buttering and methods of setting simple wall or ceiling pre-cast ornaments.	Simple pre-cast ornaments.	Butter and set simple pre-cast wall or ceiling ornaments.
162.	Methods of bracing heavy pre-cast ceiling ornaments.	Heavy pre-cast ornaments.	Butter, set and brace heavy pre-cast ceiling ornaments on a straight ceiling.
163.	Methods of bracing heavy pre-cast ornaments on curved ceilings or other surfaces.		Butter, set and brace heavy pre-cast ornament on coved ceiling.
164.	Lay-out methods for framing plain interior columns.	Lumber; wood lath; metal lath.	Frame and lath a plain 2-by-4 one-inch circular interior column.
165.	Methods of scratch-coating a cylinder.		Apply scratch-coat to column framed.
166.	Construction and purposes of templates for cylindrical work.		Construct a template for column.
167.	Methods and purposes of screeds in cylindrical work.		Screed and apply brown-coat to column.
168.	Methods of finish-coating cylindrical work.		Apply finish-coat to column.
169.	Methods of plumbing and levelling pre-cast bases for columns.		Prepare lower end of column to receive pre-cast base.
170.	Preparation of bed for pre-cast base.		Prepare the bed and set base on column. Prepare upper end of column to receive pre-cast cap.
171.	Lay-out methods for diminished octagonal column.		Frame and lath diminished octagonal column.
172.	Methods of scratch-coating column.		Apply scratch-coat to column.
173.	Construction and purposes of templates for diminished columns.		Construct a template for column.
174.	Methods of screeding diminished columns.		Screed and apply brown-coat to column.
175.	Methods of finish-coating diminished columns.		Apply finish-coat (travertine or Caen stone) to column.
176.	Lay-out methods for a diminished, fluted, circular column.		Frame and lath a diminished, fluted, circular column.
177.	Methods of applying scratch-coat to column.		Apply scratch-coat to column.
178.	Methods of brown-coating a column.		Apply brown-coat to column.
179.	Methods of finish-coating a column.		Apply finish-coat (travertine or Caen stone) to column.
180.	Methods of setting columns to an arc or ellipse in plan.		Lay out an arc or ellipse and locate a series of columns on the arc or ellipse.

## SCHEDULE 6—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
181.	Methods of preparing a series of beds.		Prepare beds for bases of columns.
182.	Methods of levelling a series of columns.		Set bases on beds; level and plumb.
183.	Methods of preparing tops of bases to receive columns.		Prepare bases to receive columns.
184.	Methods of raising and setting columns on bases.		Set columns on bases.
185.	Methods of preparing tops of columns to receive pre-cast caps.		Prepare columns to receive caps.
186.	Methods of raising and setting pre-cast caps on columns.		Raise and set caps on columns.

## SCHEDULE 7

## PLUMBER

## PART 1

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	Pipe.	Pipe-material: steel; wrought iron; copper; brass; lead; cast iron; lengths; sizes; threads per inch. Black; galvanized; plated; stream-lined copper.	Identification of pipe by size. Use of pipe tables. Advantages and disadvantages of different pipe-materials under various conditions.
2.	Pipe-fittings.	Materials: cast iron; malleable; brass; copper. Kinds: elbows; tees; street-ells; reducers; crosses; couplings; unions; boiler-couplings; flanges; bushings; 45° fittings.	Identification of fittings by type and size. Reading reducing-tees and reducing-elbows. Stream-lined copper-fittings; sizing of and kinds.
3.	Threading.	Threads for various pipe-sizes; stocks and dies. Function of parts; care and cleaning of stocks and dies; thread-tapes; lubricants; purpose of guides; pipe-vices: chain; bench. Kinds and heights of stands; construction of nipple-chuck.	Oiling and threading; measuring and estimating of threads; setting of dies; assembling vices. Threading plated-pipe and use of strap-vice.
4.	Nipples.	Standard-size nipples; nipple-chuck; length of threads; distance to screw threads on coupling. Method of inserting and removing nipple from chuck.	Threading nipples; using nipple-chuck; use of wrenches; cutters; stocks and dies; lubrication.
5.	Pipe-fitting.	Cutting. Various means of cutting pipe: wheel- and roller-cutters, 3-wheel cutters, soil-pipe cutters. Fittings. Methods of measuring. Allowances for distance of pipe into fitting. Formula for 45°-angle measurements.	Use of cutters; changing wheels. Measuring; cutting and threading pipes to measurements including fittings; finding sizes on 45°-angle measurements.
6.	Soil-pipe fittings.	Fittings and their uses; admissible fittings; prohibited fittings; sizes and weights; extra heaving; medium vent-fittings; waste-fittings; roof-fittings; traps.	Identification of fittings. Use of by-laws governing types as to where admissible or prohibited.
7.	Caulking.	Purpose of caulking; material; oakum and lead; proportion of oakum and lead; caulking-tools and caulking-equipment. Safety precautions. Dangers of exploding lead.	Vertical caulking; horizontal caulking. Use and maintenance of plumber's stove. Use of running-rope and ladle and caulking iron.

## SCHEDULE 7—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
8.	Soil-pipe.	Extra heavy; medium tarred; oiled; weights per foot. Cutting; measuring; safety precautions against splinters.	Cutting; hammer and chisel; soil-pipe cutters; proper means of measuring.
9.	Soldering.	Solder; composition of parts of soldering iron; fluxes; oxidation; method of tinning of iron; cleaning of iron; fusing of solder to metals.	Filing and cleaning; tinning soldering-iron; shaping soldering-iron; tinning brass-goods; applying fluxes.
10.	Lead-work.	Wiping-cloths; materials used; mole-skin ticking; composition of solder; wiping $\frac{1}{2}$ " and $1\frac{1}{2}$ " underhand joints. Wiping $1\frac{1}{2}$ " upright joint; proper flux to use; bending lead-pipe.	Making catch-cloth, branch-cloth, and 3" cloth to size; greasing and shaping cloths. Use of tools for cleaning lead-pipe; wiping-practice; use of springs.
11.	Mathematics.	Decimals; fractions; percentage; the elements of the circle. The right-angle triangle. Introduction of roots. Use of formulae in angle measurements.	Multiplication; division; subtraction of decimals; changing fractions to decimals. Estimating capacities of circular tanks. Rectangular tanks; the 45° measurement.
12.	Water-distribution.	Hot- and cold-water supply and distribution; storage of water; heating of water. Circulation of hot water; sizing of pipes; air-chambers and their uses. Convection currents; jacket-heaters; gas-heaters.	Installing water-supply pipes. Identification of fittings; proper installation of various types of valves and study of their uses. Connecting right and left nipples and couplings.
13.	Rules.	The twenty basic plumbing-principles.	A study of and notes on the minimum requirements for installation of plumbing.
14.	Drafting.	Use of scale; sketching plumbing lay-outs; drains; elevations; isometric drawing.	Drawing hypothetical projects to scale.
15.	Soil-pipe work.	Installing soil-pipe; various types of fittings to be used. Supports; caulking; roof-flashings; vent; connections and footings. Lay-out of headers where required.	Laying out stack to meet roughing-in requirements. Practice in the leading of roof-flashings; caulking. Interpretation of by-laws with respect to location and type of supports and vent and waste-fitting.
16.	Lead-work.	Wiping-practice; lead-binding. Installation and sizing of lead wastes. Roughing-in measurements; tinning brass.	Use of wiping-tools; installation of waste-stack to soil-stack installed by pupil. Wiping of lead to vents. A study of by-laws as work proceeds.
17.	By-laws and regulations.	Plumbing regulations of Ontario; by-laws of the City of Toronto.	A comparison of the plumbing by-laws of various municipalities with emphasis on the by-laws of the municipality in which the pupil ordinarily resides.
18.	Tests.	Water-test; smoke-test; ball-test.	Use of test-plugs; smoke-machine; ball-test on drainage work.
19.	Review.	Qualities of a good trap. How a trap may lose its seal.	A test on the various subjects; make sketches where required.
20.	Range-boiler work under tank pressure-systems.	General review. Overhead-tank systems. Pneumatic water-systems. Means of expansion. Circulation.	Laying out of piping; sizing of piping. Use of tables for pressure-heads.
21.	Blue-print reading.	Use of standardized symbols. Use of graduated scale; floor-plans and elevations. Drawings and drafting-room practice.	Locating fixtures in building. Locating water and gas. Determining spaces for pipes for soil-stacks and vents. Use of books for roughing-in measurements.
22.	Trade-mathematics.	General review. Theory of triangles. The circle. Formulae for 45°, 22½°, and 60° measurements. Percentage; review of fractions.	Application of various measurements on working projects and blue-print reading and drawing.

	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
23.	Mathematics.	Properties of the circle. Areas of circles and pipe openings. Hydrostatic tables. Discharge of water through various-sized orifices. Capacities of rectangular tanks. Capacities of circular tanks. Formula for obtaining pressure and head. To find the quantities and velocities of discharge through pipes under various conditions and sizes. The lateral pressure of water on the sides of tanks. A review of the right-angle triangle. Finding any side when two sides are known. Square root. Rolling offsets at different degrees. Conversion tables.	Review. Calculating. Use of mathematics. A comprehensive survey of the use of mechanical tables. Notes and tests. Estimating lengths of fittings at different degrees and allowances of fittings for different angles.

9.	Water-distribution.	Hot- and cold-water supply and distribution; storage of water; heating of water; circulation of hot water; sizing of pipes; air-chambers and their uses; convection currents; jacket-heaters; gas-heaters.	Installing water-supply pipes. Identification of fittings; proper installation of various types of valves and study of their uses. Connecting right and left nipples and couplings.
10.	Rules.	The twenty basic plumbing-principles.	A study of and notes on the minimum requirements for installation of plumbing.
11.	Drafting.	Use of scale; sketching plumbing lay-outs; drains; elevations; isometric drawing.	Drawing hypothetical projects to scale.
12.	Review.	General review of Part 1 notes on pipe-fitting and plumbing.	Notes and test.
13.	Water supply.	Hot- and cold-water supply and circulation. Boiler connections, horizontal and upright; air-lock; air-chambers; boiler syphonage; advantages of circulation; regulation of temperature; dangerous connections; tank and heaters; expansion for hot-water supply systems. Check-valves and where installed; relief-valves; vacuum-valves.	Notes and sketches of various systems showing dangers and safety precautions in range-boiler work. Sizing of range connections and boilers. Estimating temperatures under various pressures. Estimating radiators in various sizes of pipe.
14.	Soil-pipe work.	Installing soil-pipe; various types of fittings to be used. Supports; caulking; roof-flashings; vent; connections and footings. Lay-out of headers where required.	Laying-out of stack to meet roughing-in requirements. Practice in lead roof-flashing; caulking. Interpretation of by-laws with respect to location and type of supports and vent and waste-fitting.
15.	Lead-work.	Wiping-practice; lead-binding; installation and sizing of lead waste-pipes. Roughing-in measurements; tinning brass.	Use of wiping-tools; installation of waste-pipes to soil-stack installed by pupil. Wiping lead to vents. A study of by-laws as work proceeds.
16.	Drawing.	Drain-plans; elevations; piping-projects; proper location of fittings. Size of main and branches.	Drawing to scale various drain lay-outs and elevations of simple projects. Marking scale and sizes of pipe and fittings and location of fittings and fixtures.
17.	Sewage disposal.	Septic tanks: design of tanks; venting of tanks; action of liquid; admission of sewage; materials of construction; dimensions; cleaning of tank; purification by filter-beds; advantages of sewage-syphon; importance of the crust or scum formed on tank.	A study and notes on the table of sizes and a list on previous year's work on sewage disposal. Drawing to scale a complete lay-out showing size of compartments and disposal-field of laterals.
18.	By-laws and regulations.	Plumbing regulations of Ontario. By-laws of the City of Toronto.	A comparison of the plumbing by-laws of various municipalities with emphasis on the by-laws of the municipality in which the pupil ordinarily resides.
19.	Rules.	A review of the 20 basic plumbing-principles.	Notes and test.
20.	Drains.	Cellar drainage; rain-water leaders; other types of drains; cellar drains; sewage-ejectors; venting of ejectors.	Notes; sketches and tests; a comparison of codes with respect to drainage-systems.
21.	Fixtures.	Baths; lavatories; water-closets; laundry trays and laundry sinks, manufacturer's roughing-in and plate-number catalogues.	Installing fixtures to completed roughing-in; placing of fixtures and use of plate-numbers to determine fixtures to be used.
22.	Tests.	Water-test; smoke-test; ball-test.	Use of test-plugs; smoke-machine; ball-test on drainage-work.

## SCHEDULE 7—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
23.	Local ventilation.	Local ventilation for lavatories and the by-law governing it. Knowledge of areas of circles and rectangles.	Installation of simple local-ventilation job to a lay-out already installed. A study of the plumbing regulations of Ontario.
24.	Draining of plumbing.	Precautions for plumbing-systems in unoccupied premises during cold weather; safety precautions against freezing.	Draining of system; de-sealing of traps. Locating undrained pockets.
25.	Review.	Qualities of a good trap. How a trap may lose its seal.	A test on the various subjects, making sketches where required.
26.	Range-boiler work under tank pressure-systems.	General review. Overhead-tank systems. Pneumatic water-systems. Means of expansion. Circulation.	Laying-out of piping; sizing of piping. Use of tables for pressure heads.
27.	Blue-print reading.	Use of standardized symbols. Use of graduated scale, floor-plans, and elevations. Drawings and drafting-room practice.	Locating fixtures in building. Locating water and gas. Determining spaces for pipes for soil-stacks and vents. Use of roughing-in measurement books.
28.	Trade mathematics.	General review. Theory of triangles. The circle. Formulae for $45^\circ$ , $22\frac{1}{2}^\circ$ , and $60^\circ$ measurements. Percentage; review of fractions.	Application of various measurements on working projects and blue-print reading and drawing.
29.	Laying-out of simple 3-piece bath-room.	Roughing-in measurements of water-closet, basin, and bath. Allowances for furring. Local ventilation.	Spacing of fixtures. Locating headers. Locating water-piping. Locating stack and vents.
30.	Roughing-in of 3-piece bath-room.	Review of best methods of caulking joints. Practice in lead-bending. Practice in lead-wiping and tinning of brass. Roof-flashings. Review of by-law. Types of fittings for soil-stack and vents. Type of fittings for water-piping. Water-testing.	Practising lead-work. Listing fittings required. Selecting and installing roughing-in materials. Applying test.
31.	By-laws.	Drains; soil-stacks; wastes; vents; local ventilation; septic tanks; water-piping.	A study of local by-laws.
32.	Review.	A review of (a) the plumbing regulations of Ontario, (b) the 20 basic plumbing-principles, and (c) by-laws of municipalities.	Notes and constructive criticisms. Sketches.
33.	Septic tanks.	Septic tanks: construction, operation and capacity. Bacterial action and disposal beds.	Selection of fittings. Use and theory of the automatic sewage-syphon.
34.	Review.	General review of Part 1 of this Schedule.	Checking on notes.
35.	Soil-pipe.	Soil-pipe work in batteries, and installation of a venting-system.	Roughing in. Laying out to plan.
36.	Lead-work.	Bending lead. Wiping various types of joints; tinning brass-work. Sheet-lead work.	Using job methods. Timing the various operations.
37.	Testing.	Types of tests; water, air, and smoke.	Apply tests to various projects.
38.	Water supply and circulation.	Street connections, and the various types thereof. Water-meter connections. By-passes on various connections. Cause of collapse in range-boiler work. Causes of rusty water. Causes of sweating and how overcome. Meaning of and overcoming by-passing in range-boiler work. The absorption of air by water, and the appearance thereof. Causes of rumbling in range-boiler work and	Installing of various types of water connections. Notes on and theory of convection, air lock, and a review of pressures. Sizing of mains and returns. Repairing leaks on range boilers. Assembling "flushometer" valves, various types.

		how to over-come. The formation of steam and its causes. Causes of failure to heat water; collection of air at high points; conditions of pressure in which an air-lock occurs.	
39.	Mathematics.	Properties of the circle. Areas of circles and pipe-openings. Hydrostatic tables. Discharge of water through various-sized orifices. Capacities of rectangular tanks. Capacities of circular tanks. Formula for obtaining pressure and head. To find the quantities and velocities of discharge through pipes under various conditions and sizes. The lateral pressure of water on tanks. A review of the right-angle triangle. Finding any side when two sides are known. Square root. Rolling offsets at different degrees. Conversion tables.	Review. Calculating. Uses of mathematics. A comprehensive survey of the use of mechanical tables. Notes and tests. Estimating lengths of fittings at different degrees, and allowances of fittings for different angles.

## SCHEDULE 8

## SHEET METAL WORKER

## PART 1

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	Drafting.	Drafting-instruments and their use. Applied geometry.	Note-book work.
2.	Tools of the trade.	Hand-tools, bench-tools, and machines.	Use and care of tools and machines.
3.	Safety precautions.	Fire-hazards. Use of extinguishers. Cuts and injuries.	Location of fire-extinguishers and first-aid necessities.
4.	Cones.	Development of patterns for cone. Frustum of cone, and irregular frustum of cone.	Drafting and forming projects.
5.	Metal sheets.	Types of sheets: standard sizes, weights and gauges; black iron; galvanized iron; tinned iron; copper, hard; copper, soft; zinc; stainless steel; Monel metal.	Note-book work and testing iron sheets for gauge.
6.	Joints.	Lap and lock allowances.	Soldering lap on cone and locks on frusta of cones.
7.	Pyramids.	Square pyramid. Frustum of hexagon pyramid. Irregular frustum of octagonal pyramid.	Drafting, developing patterns, and forming projects. Use of hand-groover.
8.	Soldering.	Heating, soldering copper. Strop-use gas furnace. Outside use charcoal fire-pot. Tinning-coppers and the inside and outside use thereof.	Soldering cones and pyramids already made. The drawing-out or shaping of soldering-coppers. Soldering-flux for different metals.
9.	Solder.	The melting temperatures of various grades of solder.	Note-book work.
10.	Funnel.	Making a tin funnel and fruit-jar filler; allowance for wire edge.	Drafting patterns for and making of a scoop.
11.	Grocer's scoop.	Use of cone method to develop project.	Drafting patterns for and making of a grocer's scoop.

## SCHEDULE 8—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
12.	Round ventilator-head.	Use of cone method to develop project. Method of laying out holes in vent and braces for stone-bolts or rivets.	Drafting patterns and fabricating vent-head. Use of bead machine. Use of crimping machine. Use of solid punch.
13.	2-piece elbows.	Method to obtain mitre line of 90° round elbow, bevel round-elbow, and bevel rectangular-elbow.	Drafting patterns and making elbows.
14.	4-piece round elbow 90°.	Rule to obtain mitre line of any number of pieces in elbow. Method to join sections of elbow.	Draft and develop patterns, make project. Use of elbow machine. Use of Turner machine. Use of rivet-set.
15.	Riveting.	Sizes of rivets and how they are sold. Where and how rivets are used. Types of rivets. Sizes and weight of rivets. Method for blind riveting.	Note-book work and blind riveting.
16.	5-piece round elbow 60°.	Rule to obtain mitre line for elbows of any degree, having any desired number of pieces. Method to determine the correct girth of round projects. Allowance to be made for small end of pipes and fittings, in relation to gauge of metal used.	Draft patterns and fabricate elbow. Use of fractions. Use of decimals. Use of crimping machine. Weights and gauges of metal sheets.
17.	Round elbow.	Shop method.	Each pupil to make a different type of elbow by short method.
18.	Cleats.	Cleats used in ventilation; square pipe.	Making sample. Drive-cleat. Scleat. L cleat. T cleat. Pittsburgh lock.
19.	Rectangular pipe-fittings.	Elbows, offset, taper, branch-fittings, Y fittings.	Drafting and fabricating fittings. Allowances for locks and cleats.
20.	Roof flanges.	Round and octagonal flanges for single- and double-pitched roofs. Method to obtain intersection points.	Drafting. Fabricating roof-flanges with pipe attached.
21.	T joint round.	Pipes of same diameter. Method of connecting when using this type of joint.	Drafting patterns. Making furnace T-pipe.
22.	T joint round.	Pipes of different diameters. Method of connecting when using this type of joint.	Drafting patterns. Making unequal T-pipe.
23.	Branch joint round.	Pipes of same diameter at an angle. Method of connecting branches to main pipe.	Drafting patterns. Making project.
24.	Branch joint.	Round pipes of unequal diameters intersecting at an angle. Where and why this type of fitting is used.	Drafting patterns. Making project.
25.	Branch joint.	Two round pipes of unequal diameters that intersect irregularly or off centre. Method of obtaining double mitre line.	Drafting patterns. Making project.
26.	Roman mouldings.	Used in construction of eaves-trough and cornice profiles. Torus moulding. The Cavetto, or Cove. The Ovolo, or quarter-round. The Cyma Recta or Ogee. The Cyma Reversa or Reverse Ogee. The Scotia.	Drafting, and note-book work.
27.	Eaves-trough.	Common Ogee gutter. Moulded-face gutter. Half-round gutter. Method of marking before forming right and left sections of mitre. Method of notching and allowance for notching on mitres. Methods of attaching different types of gutters to buildings.	Drafting patterns for 90° inside and outside mitres. Cutting, forming and soldering mitres of each type of gutter, and cutting and soldering one outlet to each. Cutting mitre in common Ogee gutter, without a pattern, job-fashion. Cutting and forming gutter tubes.

## SCHEDULE 8—Continued

28.	Cornice.	Square return-mitres, outside and inside. Oblique or bevel return-mitres. Method to obtain stretch-out. Method to dab for forming on brake. Method of measuring cornice from plan. Method of forming cornice to correct shape.	Drafting and laying out patterns. Cutting, forming and soldering cornice-mitres. Cutting profile for forming template.
29.	Cornice.	Panel-mitre or face-mitre; 90° face-mitre. Bevel face-mitre. Method of lay-out in relation to the return mitres.	Drafting and laying out patterns. Cutting, forming and soldering projects.
30.	Transition, square to square.	Triangulation. Method to obtain the correct length of slant-lines from plan and elevation.	Drafting, long method. Developing pattern by short or shop method. Making transition in one piece.
31.	Transition, square to round on centre.	Method to obtain the correct length of slant-lines from plan and elevation. Method of notching to allow for machine edges.	Developing pattern by short or shop method. Making project in two pieces.
32.	Transition, piece-rectangular to round off-centre.	Method to obtain the correct length of slant-lines from plan and elevation. Method of marking to ensure fitting is not formed inside out.	Developing pattern by short or shop method.
33.	Transition, rectangular to round with base obliquely inclined.	Method to obtain the correct length of slant-lines from plan and elevation.	Developing pattern by short or shop method.
34.	Circular tank.	Method for reinforcing top of tank with rod. Method and allowance for double-seaming bottom of tank.	Making tank. Use of forming rolls when rod is attached to project to be rolled.
35.	Square or rectangular tank.	Method for reinforcing top of tank with rod. Method and allowance for double-seaming bottom of tank.	Making tank. Attaching a rod reinforcement after project is formed.
36.	Soldering.	Method of shaping and tinning irons for inside and outside use.	Soldering horizontal joints. Soldering upright joints.
37.	Applied mathematics.	Circumference of a circle. Area of a circle. Solids.	Note-book work. Problems on mathematics.
38.	Square-pipe fitting.	Taper-elbow, flat on one side. Pittsburgh locks.	Drafting. Making project. Using Pittsburgh lock.

## PART 2

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	Transition, square to square.	Triangulation. Method to obtain the correct length of slant-lines from plan and elevation.	Drafting, long method. Developing pattern by short or shop method. Making transition in one piece.
2.	Transition, square to round on centre.	Method to obtain the correct length of slant-lines from plan and elevation. Method of notching to allow for machine edges.	Developing pattern by short or shop method. Making project in two pieces.
3.	Transition, piece-rectangular to round off-centre.	Method to obtain the correct length of slant-lines from plan and elevation. Method of marking to ensure fitting is not formed inside out.	Developing pattern by short or shop method.
4.	Transition, rectangular to round with base obliquely inclined.	Method to obtain the correct length of slant-lines from plan and elevation.	Developing pattern by short or shop method.

## SCHEDULE 8—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
5.	Furnace boot rectangular to round.	Method to obtain the correct length of slant-lines from plan and elevation with special attention to large and small collars of fitting.	Developing pattern by short or shop method. Drafting and fabrication.
6.	Ventilator bases.	Square-to-round ventilator-bases for flat, single-pitched and double-pitched roofs.	Drafting. Developing patterns. Fabricating projects.
7.	Reducing elbow, round to round.	Three-piece reducing-elbow, with transition piece in centre section.	Drafting. Developing patterns. Making project.
8.	Reducing off-set, round to round.	Three-piece reducing-elbow, with transition piece in centre section.	Drafting. Developing patterns. Making project.
9.	Square-to-round elbow.	Three-piece reducing-elbow, with transition piece in centre section. Method of connecting a square section to a transition section.	Drafting. Developing patterns. Making project.
10.	Irregular T-joint, round to rectangular.	Method employed in developing patterns from elevation.	Drafting. Developing patterns. Fabricating project.
11.	Straight-back taper.	Where and why this type of fitting is used; special attention to large and small collars and allowances therefor.	Drafting. Developing patterns. Fabricating project.
12.	Irregular taper.	Where and why this type of fitting is used; special attention to large and small collars and allowances therefor.	Drafting. Developing patterns. Fabricating project.
13.	Two-branch Y-joint, round to round.	Where and why this type of fitting is used, with special attention to large and small collars and allowances therefor. Special attention to mitre line.	Drafting. Developing patterns by shop method. Making project.
14.	Two-branch Y-joint, round to square.	Where and why this type of fitting is used, with special attention to large and small collars and allowances therefor. Special attention to mitre line.	Drafting. Developing patterns by shop method. Making project.
15.	Two-way Y-fitting, round to round, straight on one side.	Where and why this type of fitting is used, with special attention to large and small collars and allowances therefor. Special attention to mitre line.	Drafting. Developing patterns by shop method. Making project.
16.	Breeches.	Unusual type of fitting. Combination of triangulation and parallel-line development.	Drafting. Developing patterns by shop method. Making project.
17.	Irregular Y-fitting, one branch square, one branch round.	Mitring vertical and horizontal connections; method of joining them.	Drafting. Developing patterns by shop method. Making project.
18.	Five-piece taper-elbow, round.	Method of developing patterns for tapering sections of elbow.	Drafting to scale. Developing patterns full size. Fabricating project.
19.	Circular tank.	Method for reinforcing top of tank with rod. Method and allowance for double-seaming bottom of tank.	Making tank. Use of forming rolls when rod is attached to project to be rolled.
20.	Square or rectangular tank.	Method for reinforcing top of tank with rod. Method and allowance for double-seaming bottom of tank.	Making tank. Attaching a rod reinforcement after project is formed.
21.	Soldering.	Method of shaping and tinning irons for inside and outside use.	Soldering of horizontal joints. Soldering of upright joints.
22.	Applied mathematics.	Circumference of a circle. Area of a circle. Solids.	Note-book work. Problems in mathematics.

## SCHEDULE 8—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
23.	Square pipe-fittings.	Taper-elbow, flat on one side. Pittsburgh locks.	Drafting. Making project. Using Pittsburgh lock.
24.	Ship-ventilator, round to round.	Rule for design of ventilator. Method for developing patterns.	Drafting. Making project. Note-book work.
25.	Flat skylight.	Where used. How erected. Method to obtain patterns and true lengths.	Drafting. Developing patterns. Making a small skylight.
26.	Hip-skylight, third pitch.	Shop method to pay out skylight by scale. Method to develop mitre cuts and intersections. Method to develop the true profile of hip-bar. Rules for finding the true lengths of the various parts of a hipped skylight (a) by mensuration, (b) by triangulation. Method and reason for capping skylights. Reason for condensation gutters and outlets in curb for condensation. Methods used for erecting skylights of various sizes. Method of cutting and installing wired glass. Method to repair metal work and glass of skylights. Method of installing lift-light to skylight, and making it weather-tight. Standard sizes and weight of wired glass.	Drafting. Developing patterns. Making small hipped-skylight, with a lift-light. Note-book work for true-length rules. Pupil to determine by mensuration and check by triangulation the true lengths of several skylights of various sizes. A diagram showing a detailed plan of the intersection of the various bars used in the construction of hipped skylights. Cutting and installing one light of wired glass in skylight.
27.	Ship-ventilator, round base, elliptical mouth.	Rules to design. Method of taking sections from side elevation and developing patterns therefor. Method of taking major and minor axis from side and front elevations and constructing ellipse by short rule.	Drafting. Developing patterns. Making project.

## SCHEDULE 9

## STEAMFITTER

## PART 1

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
1.	History of steam-fitting trade.	Brief lecture.	Development of the industry.
2.	Future prospects of the industry.	Brief lecture.	Growth of the country; replacement of mechanics for such reasons as death and old age.
3.	Tools of the trade.	Exhibition of the uses of various tools.	Purpose of tools and where used. Care to be exercised in use.
4.	Safety precautions.	Brief lecture.	Cause of accidents, for such reasons as horse-play and carelessness.
5.	Pipe sizes and mathematics relating thereto.	Use of rule; table of pipe sizes.	Use of rule. Measure the inside diameter of pipe. Difference between standard and high-pressure pipe.
6.	Sizing of tees.	Sample of tees.	Correct method of reading the opening on tees. Taking off-centres.
7.	Cutting and reaming.	Different methods of cutting pipe. Types of pipe-cutters and the angle thereof.	Use of vice. Use of cutters. Types of cutters. Use of oil. Angle of cutters. Use of reamer. Types of reamers. Purpose of reaming. Cause of burr inside pipe. Friction prevents proper flow if burr left inside pipe.

## SCHEDULE 9—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
8.	Setting up stock and dies.	Types of stocks and dies and the reason for cleaning them. Setting dies on mark. Placing dies in correct slots. Purpose and use of guide.	Cleaning stocks and dies. Setting up stocks and dies. Reason for cleaning. Purpose of guide. Method of placing dies.
9.	Taking off-centres of different types of fittings, tees, elbow, 45-degree fittings.	Measure form, face of fittings to centre of fittings. Allow for thread.	Use of rule. Length of thread to go into fittings.
10.	Measure, cut, thread, ream and make fittings on pipe.	Making fittings on pipe, measure pipe, use vice, ream pipe, thread pipe, use oil, remove cuttings from thread, remove stocks, and test thread for correct taper.	Number of threads to the inch. Use of pipe-wrench. Use of vice. Use of reamer. Use of stocks and dies. Purpose of reaming. Length of thread to cut. Reason for removing cuttings from threads. Testing thread for correct taper. Use of fitting for testing thread. Number of thread to screw on by hand. Purpose of oil. Types of oil to use. Amount of taper.
11.	Make a nipple-chuck.	Make a running thread; screw on coupling.	Use of wrench. Use of stocks and dies. Use of rule. Length of thread to cut. Purpose of nipple-chuck. Distance to screw coupling on thread.
12.	Make various-sized nipples.	Measure length of nipple. Thread one end of pipe; cut pipe. Screw nipple into nipple-chuck. Thread nipple; remove nipple from chuck.	Use of rule, wrench, reamer, cutters, stocks and dies. Length to screw coupling on running thread. Use of larger sizes of guides when necessary. Method of removing nipple from chuck.
13.	How to take a 45-degree measurement.	Purpose of 45-degree measurements. Measure offset, take off centres of fittings.	Use of square root, hypotenuse of right-angle triangle. Use of formula 1.414.
14.	Figure out and make a 45-degree offset.	A given offset. Use of formula 1.414. Figure length of offset.	Use of rule. Formula to use. Use of stocks and dies, and cutters and reamer.
15.	Cutting gaskets.	Select materials, mark out on flange, cut gasket, and cut holes.	Types of gasket materials. Laying out of materials. Use of ball-peen hammer. Use of gasket-cutter.
16.	Straightening pipe.	Lining-up of pipe. Use hammer.	Use of eye. Use of hammer. Benefits of straight pipe.
17.	Types of hot-water heating systems.	Gravity system. Overhead system. Closed system. Forced hot-water system.	Circulation of water. Grade of mains. Use of air-vents. Purpose of expansion-tanks. Height of tank. Resistance of globe-valves. Difference between temperature of supply and return. Position of main. Omission of air-vents on radiators. Advantages of overhead system, such as more radiation, and rapid circulation. Position of tank in a closed system. Purpose of relief valve. Purpose of tank. Suitable for large buildings where buildings are scattered. Position of circulating pump. Purpose of relief valve on expansion-tank.
18.	Connections to radiators and risers.	Diagrams on blackboard. Types of connections.	Radiator connections on ground floor. Riser connections. Connections to radiators; overhead system. Method of connecting 2 radiators on same floor to form a single riser. Branch connections to form an overhead main. Purpose of relief valve on expansion-tank.

## SCHEDULE 9—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
19.	Assembling radiators.	Demonstration and assembling of radiators by pupils.	Use of radiator wrenches. Method of pulling up the nipples evenly. Purpose of levelling radiators. Disassembling of radiators. Method of removing sections; push-nipple type of radiation.
20.	Types of valves.	Exhibition of valves.	Difference between globe-valve and gate-valve. Pressure-side of globe-valves. Steam-radiator valves. Hot-water radiator valves. Purpose of check-valves. Objection to use of globe-valves on hot-water heating. Hot-water air-valves and their purpose. Automatic air-valves and their purpose.
21.	Difference between standard and heavy pipe.	Table of pipe sizes.	Pressure per square inch on standard pipe and X-heavy pipe. Difference between low-pressure and high-pressure steam. Inside diameter of standard pipe and X-heavy pipe.
22.	Grade and direction of hot-water mains.	Blackboard.	Convection currents as applied to hot-water heating. Minimum amount of grade.
23.	The right and left connection.	Demonstration.	Advantages of the right and left connection. Reason for counting threads into connections. Making right and left connections. Use of right and left connections in connecting hot-water radiators.
24.	Assembling a hot-water boiler.	Instruction in assembling a boiler. Pupils assembling a boiler.	Parts of boiler. Purpose of levelling boilers. Use of level. Assembling grates. Cleaning parts and nipples. Assembling of sections. Purpose of altitude gauge. Assembling of headers. Levelling of headers. Tightening of bolts.
25.	Purpose of sleeves.	Types of sleeves and where used.	Effect of expansion on partitions and floors, if sleeves not used. Use of sleeves for risers and radiator. Filling of sleeves before a concrete floor is poured.
26.	Sizing of branches to radiators and risers.	Table-radiator; tapping hot-water to various floors.	Number of any size of branches to size of main. Radiator tappings, ground floor, second floor, and so forth. Number and size of connections which can be taken from risers.
27.	Expansion-tank connections.	Diagrams on blackboard.	Purpose of expansion-tank. Connection to tank from highest radiator-return or return at boiler. Omission of valves on connections. Expansion-tank connections of an overhead system. Height of expansion-tank above highest radiator. Purpose of cushion-tank in a closed system. Effects to system if connection to expansion-tank taken from supply.
28.	Pipe-welding: arc and acetylene.	Recommend 64 hours of instruction under school welding-instructor.	
29.	Drafting.	Recommend 64 hours of instruction under school drafting-instructor.	
30.	History of industry.		

## SCHEDULE 9—Continued

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
31.	Safety precautions.	Poor scaffolding. Improper use of tools. Improper placing of ladders. Broken ladder-rungs. Horse-play. Poor tools.	
32.	Hangers.	Radiator hangers, wall and ceiling. Types of hangers for mains. Inserts. Expansion-shields. Wrought-iron rod. Grabbling-bar. Spacing of hangers.	Laying-out of hangers for such things as wall radiation, and mains.
33.	Pipe-covering.	Types of covering.	Reason for covering of pipes and boilers.
34.	Valves.	Hot-water valves: globe; gate. Radiator valves: steam; air. Relief-valves: steam; hot-water. Check-valves.	Identification of various valves. Suitability of valves for steam and water. Packing of valves.
35.	Welding.	Acetylene; arc.	Sixteen 2½-hour lessons in welding. Practice and theory of welding under welding instructor.
36.	Drafting.	Trade-sketching.	Sketching of trade. Piping, lay-outs and fittings.
37.	Review 45° measurements.	Methods of estimating 45° measurements. Hypotenuse of right-angle triangles. The use of square root. Rolling 45° measurements. Use of formula 1.414; origin of formula.	Application of square root. Estimating rolling 45° measurements.
38.	Conventional signs.	Conventional signs for such things as radiators, traps, flanges, and valves.	Identification of conventional signs.
39.	Mathematics.	Addition, and multiplication of fractions. Square root.	
40.	Trade-sketching.	Simple sketching of heating-plans.	
41.	Welding.	Pipe-welding and making of fittings.	The use of torch in cutting, welding, and fabrication of fittings.
Examinations.

3.	Assembling a hot-water boiler.	Instruction in assembling a boiler. Pupils assembling a boiler.	Parts of boiler. Purpose of levelling boilers. Use of level. Assembling grates. Cleaning parts and nipples. Assembling of sections. Purpose of altitude gauge. Assembling of headers. Levelling of headers. Tightening of bolts.
4.	Sizing of branches to radiators and risers.	Table-radiator; tapping hot water to various floors.	Number of any size branches to size of main. Radiator tappings, ground floor, second floor, and so forth. Number and size of connections which can be taken from risers.
5.	Pipe-welding: arc and acetylene.	Recommend 64 hours of instruction under school welding-instructor.	
6.	Drafting.	Recommend 64 hours of instruction under school drafting-instructor.	
7.	History of industry.		
8.	Safety precautions.	Poor scaffolding. Improper use of tools. Improper placing of ladders. Broken ladder-rungs. Horse-play. Poor tools.	
9.	Review measurements of pipe-fittings.	Measurement of pipe-fittings from end to centre, centre to centre, and end to back. (E to C; C to C; E to B)	Identification of measurements.
10.	45° measurements.	Hypotenuse of right-angle triangle. Use of formula 1.414.	Estimating and making offsets to different offset measurements.
11.	Types of radiation.	Direct; indirect. Direct and indirect unit-heaters. Radiation tables, old and new.	Identification of various types of radiation. Estimating square feet of radiation; various heights. Old and new types of radiation.
12.	Hangers.	Radiator hangers, wall and ceiling. Types of hangers for mains. Inserts. Expansion-shields. Wrought-iron rod. Grabbling-bar. Spacing of hangers.	Laying out hangers for such things as wall radiation, and mains.
13.	Installing a 1½" pipe main to given measurements.	Measure, cut, ream, thread pipe, make and line up fittings. Make hanger-rods. Hang main and grade it.	Installation of 1½" main. Grading of main. Making of hanger-rods.
14.	Assembling a sectional boiler.	Parts of boiler. Method of assembling.	Identification of parts. Cleaning of nipples and parts. Assembling of boiler.
15.	Hot-water heating.	2-pipe gravity. 1-pipe gravity. Closed system. Overhead system. Forced hot-water system. Types of connections. Expansion-tank connections.	Sizing of mains, risers and radiator openings for various floors. Laying out connections to radiators and risers. Sketch a 2-pipe gravity system for 2 floors, showing main and riser sizes, amount of radiation on ground and second floors, and connections to radiators and risers.
16.	Pipe-covering.	Types of covering.	Reason for covering of pipes and boilers.
17.	Conventional signs.	For such things as valves, flanges, and radiators.	Identification of signs.
18.	Steam-heating systems.	1-pipe steam, 2-pipe steam. Vapour system; vacuum system. Difference between high-pressure and low-pressure steam. Use of air relief-valves.	Identification of different systems. Lay-out of piping for 1-pipe steam system, showing position of air-valves.
19.	Roughing in.	Laying-out of radiators. Laying-out of risers.	Determining position and distance of radiation and risers.

Item	Column 1	Column 2	Column 3
	SUBJECT-MATTER	INSTRUCTION IN	SKILLS FOR PUPILS
20.	Valves.	Hot-water valves: globe; gate. Radiator valves: steam; air. Relief-valves: steam; hot-water. Check-valves.	Identification of various valves. Suitability of valves for steam and water. Packing of valves.
21.	Welding.	Acetylene; arc.	Sixteen 2½-hour welding lessons. Practice and theory of welding under a welding instructor.
22.	Drafting.	Trade-sketching.	Trade-sketching. Piping, lay-outs and fittings.
23.	Plant inspection.	Visit to heating-plants.	
24.	Review 45° measurements.	Methods of estimating 45° measurements. Hypotenuse of right-angle triangles. The use of square root. Rolling 45° measurements. Use of formula 1.414. Origin of formula.	Application of square root. Estimating rolling 45° measurements.
25.	A review of types of radiators.	Square foot per section, various heights. Cast-iron radiators. Copper-coil radiators. Unit heaters. Method of ordering. Efficiency of copper-coil radiators. B. T. U. output per square foot of steam, gravity, and hot-water systems. Radiator connections. Roughing-in of radiators. Hanging of wall radiators.	Estimating square feet of radiation for various heights, lengths and widths. Laying-out of radiators for roughing-in.
26.	Valves.	Types of valves for radiators: gate; globe; check; air. Valve areas; pressure-side of globe-valves, and safety valves. Blow-off valves.	Identification of valves. Use of valves. Packing of valves.
27.	Boilers.	Types of boilers, hot water and steam. Method of assembling sectional boilers. Parts of sectional boilers. Boiler trimmings (steam) and height of water column. Sizing of boilers. Sizing of safety valves. Purpose of fusible plugs. Location of fusible plugs.	Assembling of sectional boilers. Making up and connecting feed and return leaders.
28.	Gaskets and valve packing.	Types of gasket material and packing and where used.	Selection of gasket-packing and valve-packing material; cutting of gaskets and packing of valves.

## Application to Parliament

### Private Bills

#### PUBLIC NOTICE

#### LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

#### RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House

after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon

which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking. such schedule to be signed by the Engineer, or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

ALEX. C. LEWIS, Q.C.  
Clerk of the Legislative Assembly  
of Ontario.

## Application to Parliament

### Private Bills

#### PUBLIC NOTICE

##### LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

##### RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer, or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

ALEX. C. LEWIS, Q.C.  
Clerk of the Legislative Assembly  
of Ontario.

#### AGREEMENT FOR MARKETING THE 1952 CROP OF BEANS

##### UNDER THE ONTARIO BEAN PRODUCERS' MARKETING SCHEME

This Agreement made the 26th day of November, 1952.

#### BETWEEN:

W. P. Corneil, Wm. Haugh, Chas. A. Bannister, John Gillier and M. R. McDougall appointed by the local board, members of The Negotiating Committee called the grower-Members,

—AND—

W. E. Reid, M. J. Smith, W. G. Thompson, N. E. Cook and B. P. Teasdale appointed by the dealers, members of The Negotiating Committee called the Dealer-Members.

Under *The Farm Products Marketing Act* and the regulations, and subject to the limitations thereof, the Grower-Members and the Dealer-Members agree as follows:

1. The minimum price to be paid by a dealer to a grower for beans produced in Ontario by the grower during the year 1952 and containing not more than one pound damage per bushel and not more than 18 per cent moisture, and delivered to the dealer shall be according to the following:

(a) for all beans belivered on or before the 31st of December, 1952, the minimum price shall be \$4 per bushel; and

(b) for all beans delivered from and including the 1st of January, 1953, to and including the 31st of July, 1953, the minimum price shall be \$4.10 per bushel.

2. The following terms of purchase and sale shall form part of each contract between a grower and a dealer:

(a) the maximum charge to be paid by the grower to the dealer for grading and picking beans,

not to exceed 3 per cent of the price per bushel for each pound graded out, and picked out, as culls in excess of one pound per bushel,

- (b) where the moisture-content of beans is more than 18 per cent, the maximum deduction to be made from the minimum prices determined under section 1 of this Agreement by any dealer to be
  - (i) where the moisture-content is more than 18 per cent and not more than 20 per cent, 10 cents per bushel, and
  - (ii) where the moisture-content is more than 20 per cent and not more than 23 per cent, 15 cents per bushel,
- (c) the beans to be inspected and sold on the basis of grades established under subsection 1 of section 24, and schedule 2, of *The Canada Grain Act, 1930*,
- (d) the dealer to pay the grower cash on delivery for all beans accepted by the dealer,
- (e) the dealer to give to the grower at the time of sale of the beans a statement of purchase of beans, showing the date, number of bushels, damage and moisture-content and the amount deducted for licence fees,
- (f) where a sample of beans is required for the purpose of tests, the sample to
  - (i) weigh not less than 2 pounds,
  - (ii) be taken at the time of delivery from the load of beans delivered by the grower,

- (iii) be agreed upon by the grower and the dealer,
- (iv) be retained in a sealed, moisture-proof metal container bearing a label on which is stated the names and addresses of the grower and the dealer, and
- (v) be delivered to an inspector for the Board of Grain Commissioners at Chatham, if required by him for examination and tests, and
- (g) for the purpose of agreement upon a sample of beans under sub-clause iii of clause f, the person delivering to a dealer a load of beans, to be deemed to be the grower.

3. In case of a dispute between a dealer and a grower as to the grade, pick, moisture-content or condition of any load of beans the matters in dispute shall be referred to an inspector for the Board of Grain Commissioners, and his decision shall be accepted.

Dated at London, Ontario, this 26th day of November, 1952.

## Application to Parliament

### Private Bills

#### PUBLIC NOTICE

#### LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

#### RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and

the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

**SCHEDULE A.**—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

**SCHEDULE B.**—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer, or other person preparing the same.

**SCHEDULE C.**—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

**SCHEDULE D.**—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

## Application to Parliament

### Private Bills

#### PUBLIC NOTICE

#### LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

#### RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy

of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants, such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

**SCHEDULE A.**—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

**SCHEDULE B.**—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer, or other person preparing the same.

**SCHEDULE C.**—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

**SCHEDULE D.**—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

ALEX. C. LEWIS, Q.C.  
Clerk of the Legislative Assembly  
of Ontario.

**Application to Parliament****Private Bills**

## PUBLIC NOTICE

## LEGISLATIVE ASSEMBLY OF ONTARIO

The attention of Municipal Officials, Solicitors and all other persons who may be interested in the preparation of Private Bills for submission to the Legislative Assembly of Ontario is directed particularly to the following Rules of the House governing the submission of such Bills:

## RULES RE SUBMISSION OF PRIVATE BILLS

63.—(1) No petition for any Private Bill is received by the House after the first two weeks of each Session nor may any Private Bill be presented to the House after the first three weeks of each Session; nor may any report of any Standing or Select Committee upon a Private Bill be received after the first six weeks of each Session and no motion for the general suspension or modification of this Rule shall be entertained by the House unless after reference made thereof, at a previous sitting of the House, to the several Standing Committees charged with the consideration of Private Bills upon Report submitted by two or more of such committees.

64.—(1) Any person desiring to obtain a Private Bill shall deposit with the Clerk of the House at least eight (8) days before the meeting of the House a copy of such Bill together with a fee of \$150, and if such Bill is not deposited by that time the applicant shall pay \$10 for each and every day which intervenes between the said eighth day and the date of the filing of the Bill.

(2) After the first reading of the Bill and before its consideration by the Committee to which it is referred, the applicant in every case shall pay the cost of printing the Act in the Statutes.

(3) The following charges shall also be levied and paid in addition to the foregoing.

(a) When any rule of the House is suspended with reference to a Bill or the Petition therefor, for each suspension, \$50.

(b) When a Bill is presented to the House after the first three weeks of the Session and before the end of the fourth week, \$75.

(c) When a Bill is presented after the fourth week of the Session, \$100.

(4) In case of any Bill incorporating a company or increasing the capital stock of a company already incorporated, there shall be paid to the Clerk of the House, by or on behalf of the applicant, before the same is reported to the House, the same fee as would be payable to the Provincial Secretary in the case of an incorporation or increase of capital under the provisions of The Ontario Companies Act, less the sum of \$150 already paid to the Clerk of the House.

(5) When a Bill is for the purpose of confirming by-laws, bonds, debentures or other securities, or authority is asked to borrow money or to increase borrowing powers, the following additional fees shall be paid according to the amount of money involved:

On amounts less than \$10,000, \$25; on amounts over \$10,000 and up to \$25,000, \$50; on amounts over \$25,000 and up to \$40,000, \$75; on amounts over \$40,000 and up to \$75,000, \$100; on amounts over \$75,000 and up to \$125,000, \$125; on amounts over \$125 and up to \$175,000, \$150; on amounts over \$175,000 and up to \$250,000, \$200; on amounts over \$250,000 and up to \$350,000, \$250; and an additional fee of \$50 for every \$100,000 over \$350,000.

66. All applications for Private Bills properly the subject of legislation by the Legislative Assembly of Ontario, within the purview of "The British North America Act, 1867," shall require a Notice, clearly and distinctly specifying the nature and object of the application and, where the application refers to any proposed work, indicating generally the location of the work, and signed by or on behalf of the applicants. such Notice to be published as follows, viz:

A notice inserted in THE ONTARIO GAZETTE and in one newspaper published in the Municipality affected, or if there be no newspaper published therein, then in a newspaper in the next nearest municipality in which a newspaper is published.

Such notice shall be continued in each case for a period of at least six weeks, during the interval of time between the close of the next preceding Session and the consideration on the Petition.

If the application is by a Municipal Corporation for authority to issue debentures the notice shall set out the particulars of the existing debenture debt and the amount of rateable property of the Municipality according to the last revised assessment roll of the Corporation, and in brief and general terms, the object for which the new issue of debentures is required.

67. Before any Petition praying for leave to bring in a Private Bill for the erection of a Toll bridge is received by the House, the person or persons intending to petition for such Bills shall, upon giving the Notice required by preceding Rule, also, at the same time and in the same manner, give Notice of the rates which they intend to ask, the extent of the privileges, the height of the arches, the interval between the abutments or piers for the passage of rafts and vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

68. Before any Petition praying for leave to bring in a Bill for the construction of Railways, Tramways or canals is received by the House, the person or persons petitioning for such Bill shall deposit with the Clerk the following documents:

1. A map or plan upon a scale of not less than half an inch to the mile, showing the location upon which it is intended to construct the proposed work, and showing also the line of existing or authorized works of a similar character within, or in any way affecting the district or any part thereof which the proposed work is intended to serve. Such map or plan to be signed by the Engineer or other party making the same.

2. A book of reference in which shall be clearly set out the following information in separate schedules, namely:

SCHEDULE A.—The name of each municipality within which the proposed works or any part thereof are intended to be constructed; the population of each such municipality as returned by the next preceding census, the rateable value of the property within each such municipality, as returned by the next preceding assessment rolls thereof; and this schedule may contain in a separate statement similar information as to the adjoining districts intended to be served by the proposed work.

SCHEDULE B.—A general description of the nature, extent and proposed character of the contemplated works, and an estimate of the probable cost thereof, distinguishing the general items of construction and the cost thereof respectively, as well as the nature, extent and probable cost of all engines and car stock or other outfit or equipment necessary to the use and operation of the proposed undertaking, such schedule to be signed by the Engineer, or other person preparing the same.

SCHEDULE C.—An exhibit showing the total amount of capital proposed to be raised for the purposes of the undertaking and the manner in which it is proposed to raise the same, whether by ordinary shares, bonds, debentures or other securities, and the amounts of each respectively.

SCHEDULE D.—An estimate of the probable revenues of the proposed undertaking showing the sources whence the same are expected to be derived; the annual earnings thereof respectively; the probable annual cost of operation or working expenditure, and the annual net revenue applicable to the payment of interest on the proposed investments, such schedules to be signed by the person preparing the same.

72. When any Bill for confirming any Letters Patent, or Agreement, is presented to the House, the copy of such Letters Patent, or Agreement, shall be attached to it.

74. Every Private Bill, when read a first time shall, unless it be an Estate Bill or a Bill providing for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation, shall stand referred to the proper Standing Committee, and all petitions before the House, for or against the Bill, are considered referred to such Committee.

75. Every Private Bill, in so far as it provides for the consolidation of a floating debt or for the consolidation or renewal of debentures (other than local improvement debentures) of a Municipal Corporation when a Bill has been read the first time, shall, without special reference, stand referred to The Ontario Railway and Municipal Board for their report; and a copy of such Bill and of the Petition on which the same is founded shall be forthwith transmitted by the Clerk of the House to the Board, in order that the Board may, after an inquiry into the allegations set out in the Bill, and into any other matters which the Board may deem necessary in connection therewith, report to the House whether or not it is reasonable that such Bill or part thereof relating to the matters aforesaid shall be passed; and what alterations, if any, should be made in the same, and the Board shall make such inquiry accordingly and shall sign the same; and the said Report, Bill and Petition shall be transmitted to the Clerk, and the Report shall be read by the Clerk at the Table and shall be entered on the Journals of the House, and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills.

76. Every Estate Bill, when read a first time shall without special reference, stand referred to the Commissioners of Estate Bills, for their Report, and a copy of such Bill, and of the Petition on which the same is founded, shall be forthwith transmitted by the Clerk of the House to the said Commissioners, or one of them in order that they, or any two of them, may, after perusing the Bill, without requiring any proof of the allegations thereof, report to the House their opinion thereon under their hands; and whether presuming the allegation contained in the preamble to be proved to the satisfaction of the House, it is reasonable that such Bill do pass into a law; and whether the provisions thereof are proper for carrying its purposes into effect, and what alteration or amendments, if any, are necessary in the same, and in the event of the approving the said Bill they are to sign the same; and the said Report, with the said Bill and Petition, are to be transmitted by the said Commissioners to the Clerk; and the Report shall be read by the Clerk at the Table, and shall be entered on the Journals of the House; and the Bill, together with the Report, shall stand referred to the Standing Committee on Private Bills, which is not to consider the said Bill, before the delivery of the said report, Bill and Petition to the Chairman of the said Committee.

77. In the event of the Commissioners of Estate Bills reporting that, in their opinion, it is not reasonable that the Bill submitted to them shall pass into law such Bill shall not be further considered.

ALEX. C. LEWIS, Q.C.  
Clerk of the Legislative Assembly  
of Ontario.
